## Six May Enter Race For GC Mayor Post

### Street Supt. Warfield, Ex-Mayor Moerlien Are Latest With Petitions

With the opening date for the filing period only three days away, two more Granite Cityans indicated they might seek the office of mayor — increasing the number to six.

Petitions were picked up yesterday by Supt. of Streets William B. Warfield, 2945 Warren avenue, and a former mayor, Charles W. Moerlien, 1316 Edwardsville road.

Moerlien also picked up petitions for the office of township tax assessor, telling City Clerk A. L. Stevens he might run for either office or could be obtaining one set of petitions "for a friend."

Preparing for the 8 o'clock opening of the filing period next Monday, two office seekers already are in line at City Clerk Stevens' door. Taking their positions there this morning were Frank Lakatos, candidate for township tax assessor, and a "sitter" for Mayor Davis.

**38 For 12 Offices**

So far, petitions have been picked up by 38 prospective city candidates for the 12 offices, but that is not any assurance that others are not planning to file for city-township offices. It is not required that petitions must be obtained from the city clerk, and an aspirant for office in the April 4 election could have his own petitions prepared.

The offices for which only one candidate has obtained petitions from Clerk Stevens are those of city clerk, for incumbent Albert L. (Al) Stevens; Second Ward alderman, incumbent Robert O. Gaughan, and township supervisor, incumbent Leonard Oram.

**Hot 1st Ward Race**

Hottest competition is for the First Ward aldermanic post with eight prospective candidates.

Six have now indicated they will run for the $9000-a-year job of mayor; while four plan to seek the city treasurer post. Incumbent City Treasurer Frank Seppington has not yet put his name on Stevens' list of petitioners and may yet enter the race, although he has commented on occasion that he plans to retire from office.

## Attic Apartment Blaze Causes $1500 Damage

A fire, which apparently was started from a cigaret, touched off an overstuffed chair in an attic apartment at a 2½-story brick home, 2309 Cleveland blvd., last night and caused an estimated $1500 damage.

Granite City firemen were on the scene from 10:30 to 11:45 p.m. and set the loss at $500 to the contents and $1000 to the building, owned by Melvin Hodshire.

Firemen listed Leonard Pucker as occupant of the attic apartment. No injuries were listed.

## Levee Trustees Recess Meetings Until Jan. 18

Two meetings of the board of trustees of the East Side Levee & Sanitary District yesterday were recessed almost before they began as the opposing factions on the board continued to jockey for position.

An "annual" board meeting, set for 10:30 a.m., was recessed until 1:30 p.m. by a 3-2 vote, and at the afternoon meeting a move to recess until 2 p.m. on Wednesday, Jan. 18, also was approved by the same 3-2 margin.

Requesting the recess in a written motion were Lawrence E. Tolar, Thomas F. "Skip" Hennessy and John E. Molla, trustees allied against board members Dan E. Costello and George Duff.

Both Tolar and Costello claim to be president of the board, as the result of separate "elections" held during meetings, each of which has been called "illegal" by the opposing factions.

Costello has obtained a restraining order to prevent Tolar from acting as board president, and a quo warranto writ asking Tolar to show cause for his claim to the presidency. Tolar in turn, has filed to seek dismissal of the two actions on the grounds that the court issuing them (the East St. Louis City Court of Judge John Karns sr.) has no jurisdiction in the matter.

Costello continued to sit as president at yesterday's meeting, but neither sitting lasted more than a few minutes.

**Board Split, 3-2**

Tolar, Molla and Hennessy voted for a recess of the morning meeting, Costello and Duff against such a recess. The board lined up the same way at the afternoon meeting, when it came time to vote on still another recess motion put forth by Tolar.

The order of business at the annual meeting included the approval of annual reports, including those submitted by the district engineer and treasurer, and a number of monthly reports.

Single copies of the reports were in the hands of the board secretary Wednesday, and as a

## Unified Transit System Is Urged

### Suggest Bi-State Use Earnings To Buy 15 Firms, Merge Lines

Public ownership of a unified metropolitan area mass transportation system through the Bi-State Development Agency is recommended in an engineering report made public yesterday. The proposal has been the subject of long study by the agency.

A preliminary feasibility report prepared by W. C. Gilman and Co. of New York asserts that Bi-State is the only agency that can provide a single mass transportation service for the city of St. Louis, St. Louis county and St. Clair and Madison counties in Illinois. The report has been taken under study by the agency board, which met Tuesday.

Major conclusions reached in the report are as follows, in summary:

(1) Maximum tangible transportation benefits for the metropolitan area can be secured by the establishment of a unified system.

(2) Establishment of such a unified interstate system is in line with the recommendations of the St. Louis Metropolitan Area Transportation Study report, which was prepared by the same engineering firm for the city of St. Louis, St. Louis county and the Missouri State Highway Commission.

**Rapid Transit**

(3) Establishment of an area-wide system is the first and necessary step toward a staged development of rapid transit service.

(4) Such a system, if created through such an agency as Bi-

## 1960 Traffic Fatality Toll Drops To 19; 192 December Accidents, 1731 During Year

The Quad-City yearly traffic fatality toll dropped to 19 during 1960 — the first time it has fallen into the teens since community-wide records have been maintained.

An annual report today showed the following totals for the year just ended: persons killed in street and highway crashes, 19; persons injured in traffic mishaps, 805; and number of auto collisions and accidents, 1731.

As previously announced, both the accident and injury totals are new records, topping the previous records by wide margins.

**December Close To Record**

The yearly totals were increased by a severe monthly tabulation in December—192 crashes, 64 hurt and one killed. The fatality occurred during icing conditions Dec. 11, when John Carl Leonard, 15, of 4548 Highway 162 was killed in being thrown out of an auto involved in a head-on crash on the Route 111 overpass north of Route 162.

The 192 mishaps are only one short of the all-time mark of 193 set in December 1959. The 64 hurt are well below the monthly injured record of 94 dating back to August 1960.

The record-breaking accident and injury totals in 1960 contrasted with the year's fatality toll, which showed a sharp drop from previous one-year traffic death totals in this decade.

**44 Deaths Six Year Ago**

The 1959 toll was 24, and the figure has been at least 25 each year, soaring to 28 in 1957 and to 44 in 1954.

During the months of 1960 preceding December, fatalities occurred as follows: January, February and March one each; none in April; May, three; none in June; July, one; August, seven; none in September; October two; and November, two.

The tabulation of well over 1700 collisions seems particularly unusual in that even the 1600 mark has only been reached twice.

The previous high of 1572 was exceeded three years ago, in 1957, when 1657 mishaps were recorded. This stood until the record-shattering 1960 listing. There were 1476 accidents in 1958 and 1625 in 1959.

**734 Previous Injury Mark**

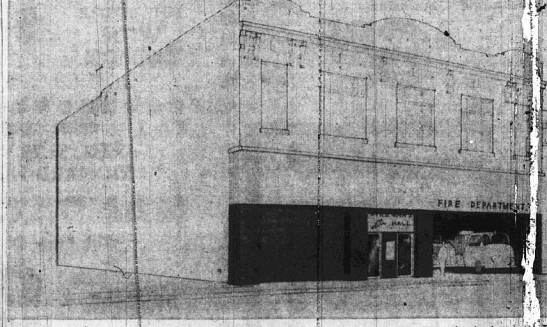

Nineteen-sixty's traffic injury total of more than 800 exceeds all earlier statistics by nearly 100.

The peak of 686 persons hurt during 1955 stood until 1958, the first year in which the 700 mark was surpassed. That year ended with 734 injuries, but this figure had already been exceeded in 1960 as early as November.

A comparison of the December accident, injury and fatality totals follows: December 1959, 193-68-1; December 1958, 166-83-6; December 1957, 180-56-1; December 1956, 172-52-0; December 1955, 183-58-5; December 1954, 135-46-9; and December 1953, 84-35-1.

### Yearly Quad-City Traffic Statistics

## GCHS Shop Wing Opens; Greater Space, Safety

The second addition to be opened at Granite City high school during the 1960-61 school year, a vocational shop wing, was put into use for the first time this week with transfer of equipment to the new welding shop.

The addition is expected to afford more "elbow room" for the shop program, plus added safety factors. It contains three shops and four classrooms, filling most of a formerly vacant rectangular area between the academic building and shop-cafeteria.

The other new addition, containing 16 classrooms and located at the opposite end of the school, was opened to students this fall.

The shop addition includes the

## Steelworkers Plan Classes On Handling of Grievances

Illinois Locals of the United Steelworkers of America, District 34, will sponsor four eight-week programs of lectures on "Grievance Handling" in the Alton-St. Louis area beginning next week. Enrollment for the four series includes 115 members of the USWA.

Lloyd McBride, sub-district director of the union, will speak at the first lecture of each series. His topic will be "The History and Structure of the Steelworkers Union."

At following meetings, union representatives will discuss the union contract. Movies on grievance handling and stewards activities will be shown during the series.

**Class In Venice**

Next Wednesday, two-hour classes will begin at 10 a.m. and 7 p.m. in Steelworkers Hall, Alton, classes will begin at the same time in the American Legion Hall, Post 307, at 740 Broadway, Venice.

Arrangements for the series were made by the Sub-District Education Committee, Tom Griffin, chairman, and Buddy Davis, secretary. Griffin is also a staff representative of the union, and Davis is president of Local 3643, USWA.

In addition to instructing the participants on the procedures of grievance handling, the lecture series is directed toward instructing union personnel in the ways of representing union members so that the union will most effectively protect the democratic rights of its members and will become a more integrated part of community life.

The series is conducted by the University of Illinois Institute of Labor and Industrial Relations and the Division of University Extension. Mth Liebhaber, U. of I. professor of labor and industrial relations, will direct the lectures.

Topics to be presented are types of grievances, what is the grievance procedure, getting facts for grievances, writing the grievance, negotiating with the foreman, and contract interpretation.

## Wagner Bottling Co. Expands, Buys Adjacent Building

Purchase of a corner brick building at 200 State street by the adjacent Wagner Bottling Works, 204 State street, Seven-Up soft drink distributor for a large section of Illinois, was announced today by Edwin F. Wagner, president.

The acquisition affords the firm 235 feet of frontage along State street between Second and Third streets, Madison, including 50 feet under roof and a 75-foot-wide truck parking area.

Most recently used as a transportation firm office, the corner structure has a design similar to that of the present brick structure occupied by the bottling company.

**Used By Vendor Department**

The two buildings have been connected, and about half of the newly-acquired section is being placed in use by the Wagner vendor department.

Plans are being made for remodeling the remainder of the corner building, which has approximately 3500 square feet of floor space, Wagner explained. This will enable the present office area to be enlarged.

With its history spanning many decades, the company has carried out a series of expansion programs as a result of a continuing growth in sales of carbonated beverages.

**Undergo Surgery**

The following are recovering at St. Elizabeth Hospital from surgery which they underwent this week: Estelle Ray, 2221 Delmar avenue; Champ Farrell jr., 2510 Edison avenue; Mary Ann Ulffers, 1650 Fourth street, Madison; Katherine Casey, 3111 Wayne avenue; Audrey Mains, 2713 Harding avenue.

## GC Police Predict 101 Accidents This Month

This month's traffic accident prediction figure of 96—slightly more than three-a-day—was announced today by the records section of the Granite City police department.

So far, the number of traffic mishaps is far under the prediction level.

However, for December, the department predicted 101, also slightly over three-a-day, and the total soared to 131 with a peak of 21 mishaps occurring on Friday, Dec. 23 and 19 on Tuesday, Dec. 20, when there was ice and snow. In the four days of ice and snow preceding Christmas, 73 accidents were recorded in Granite City.

ALBERT B. LEHMANN

## Albert Lehmann, Ice Cream Maker Dies Today At 58

A well-known Quad-City ice cream manufacturer died at St. Elizabeth Hospital this morning while talking with his wife by telephone.

Albert B. Lehmann, 58, president of the Granite City Ice Cream Co., was phoning his wife at their Mitchell home when he was unexpectedly, fatally stricken. He was using his hospital room telephone at the time, dropped the instrument and succumbed while chatting with Mrs. Lehmann.

Widely-known in area business and industrial circles, Mr. Lehmann passed away at 9 a.m. today.

Mr. Lehmann had been ill for the past two months, and had been at the hospital but one day. Death was attributed to a heart condition, complicated by complete physical exhaustion.

He had entered the hospital on his physician's orders to rest, a member of the family said today.

Mr. Lehmann lived at 101 North Alton road, Mitchell, where he had resided and operated his ice cream business for the past 10 years. Previously, for about 25 years, the Granite City Ice Cream Co. plant was at 16th street and Madison avenue. Mr. Lehmann was a longtime resident here prior to moving to Mitchell.

He was owner-operator of the ice cream firm.

**Native Of DuQuoin**

Mr. Lehmann was a native of DuQuoin, Ill. He was a member of the Granite City Elks'

## City Again To Seek Limit On Taverns

### Pay For Ald. Nemeth Questioned; Approved Pending Resignation

Another effort to set a limit on the number of taverns in Granite City is to be made by the city council. A similar move early last summer was voted down by the solons.

During Tuesday night's meeting, Alderman Walter Nonn, who called for preparation of the limitation ordinance, said his motion was in order since several new licenses have been issued in past months and the limit number would be changed.

The aldermen did not set forth a figure, asking the attorney to determine the number of licenses now issued and possibly set that for the limit.

A Press-Record check at the comptroller's office yesterday showed there are 65 licensed taverns, clubs and package liquor stores — one for every 615 men, women and children in the city.

In calling for the limitation ordinance, Nonn commented, "We better set the limit now before we start having trouble. I'll bet half the tavernkeepers are starving to death now."

Mayor Davis added his opinion, "I asked for that before. If we don't watch out, we'll have more taverns than service stations."

**Asks To Halt Payment**

An effort by several aldermen to hold up the pay of Street Supt. and Alderman Frank Nemeth, who is in the process of moving from 2908 Omaha street to 2900 Saratoga avenue in the Sixth ward was disapproved.

The move was blocked as nine aldermen, led by Senior Solon Nonn, voted against the proposal. Absent from the meeting were Nemeth, Casmer Skubish, Emerald Dawes and Mrs. Gabrielle Betinec.

Nemeth told the Press-Record yesterday he had still not completed the move and planned to submit his resignation to the mayor when he got ready. He said he probably would be moved completely by the middle of this month.

Payment of Nemeth's salary was challenged during Tuesday night's meeting by Alderman Paul Rutledge, who asked for a vote on separation of the solon's pay from the payroll.

"There's a question as to where he lives," Rutledge said. "Back in November he told us he was moving and would resign. The salary of this alderman is on the payroll tonight. I think we should have a legal opinion."

City Atty. William Beatty said an alderman is to be a resident of the ward in which he is elected, but pointed out that in such cases as presented by Rutledge, the decision rests with the council. "It's up to the council to decide if he's a legal resident.

**Question of Intent**

"Where he actually lives is a major factor, but not a controlling factor," Beatty continued. "You can live one place and have legal residency at another. It's a question of where a person intends to have a home and where his family lives."

The attorney pointed out a serviceman can live in another part of the country and still have legal residency in Granite City.

Rutledge called for a separation of Nemeth's salary until such time as he advises the council as to where he legally resides.

However, the motion immediately was attacked by Alderman Nonn. "I don't want to judge anyone else," Nonn said; and

## Vandals Shoot 8 Holes In Auto Windshield

Vandals shot eight holes in the windshield of an auto belonging to Leo Six, 2318 Benton street, according to a report received Wednesday morning by Granite City police.

Six said his car was parked at 21st street and Madison avenue Tuesday night when the shots were fired, apparently from an air rifle or pellet gun.

In another vandalism report received Wednesday morning, it was stated by a spokesman for the ABC Construction Co., 2500 Washington avenue, that two holes had been shot in a new dwelling under construction along Riviera drive.

One bullet went through a window into a wall and the other pierced guttering on the house.

## Monthly Buying Tops $10,000,000 2nd Time In Year

Buying in the Quad-Cities again has soared past the $10,000,000 mark in a one-month period, the latest tabulation by the Illinois Revenue Department showed today. Purchasing here in September amounted to $11,379,574.

As in July, when buying totaled $15,974,317, the major factor was industrial purchasing in Granite City. This category represented $11,875,829 of the July figure and accounted for $7,098,520 in September.

The plus-$10,000,000 monthly listings compare with totals of $3,400,000 to $5,600,000 in other months of 1960.

**729 Reporting Firms**

A breakdown of the September buying shows $10,434,165 reported by 485 firms in Granite City, $662,445 by 153 Madison stores, $234,068 by 80 Venice firms and $48,896 by 11 Mitchell establishments.

Of the $11,379,574, wholesalers and manufacturers led with $7,155,874 and food purchasing amounted to $1,677,938.

Other totals were: drinking and eating places, $526,136; automotive, $519,932; filling stations, $343,046; general merchandise, $313,696; lumber, building and hardware, $237,684; furniture, household goods and radios, $210,791; apparel, $177,696; all other, $216,778.

**Breakdown By Cities**

A breakdown of September 1960 buying by cities follows:

Granite City — $258,000 general, $1,333,160 food, $342,534 drinking and eating, $173,514 apparel $178,861 furniture, $156,752 hardware, $483,222 automotive $239,453 stations, $7,098,620 manufacturers and $170,947 other.

Madison — $48,017, general, $251,049 food, $128,231 drinking and eating $4182 apparel, $26,666 furniture, $71,061 hardware, $7891 automotive, $36,902 stations, $44,808 manufacturers and $43,535 other.

Venice — $7679 general, $91,429 food, $45,913 drinking and eating, $5264 furniture, $4681 hardware, $6703 automotive, $56,917 stations, $12,229 manufacturers and $3196 other.

Mitchell — $2299 food, $9457 drinking and eating, $5190 hardware, $22,114 automotive, $9719 stations and $116 manufacturers.

## JP, Township Election Must Use Two Ballots

Separate ballots must be used in the justice of the peace and constable and in township office elections next April, Atty. Gen. William Guild has ruled.

Guild said separate ballots are to be used since JP and constable ballots will be turned over to the county clerks, and township votes will be turned over to the town clerks for canvassing.

Guild added that unregistered voters cannot cast ballot for JP and constable choices, since the posts will be elevated to county-level. Township electors, however, do not have to be registered.

New legislation dealing with JPs and constables drastically cuts back the number of officials, and breaks down the county into districts. Each district comprises about 40,000 residents.

## Registration To Begin For Adult Education

Registration will begin Monday morning for the winter term of the adult education program at Granite City high school, with classes starting the following Monday, Jan. 16.

Registration wil be held Jan. 9, 10, 11 and 12 from 8:30 a.m. to 4:30 p.m. and from 6 p.m. to 9 p.m.

The courses will include various subjects under the headings of art, bookkeeping, stenography, typing, comptometry, electricity, machine shop, sheet metal, welding, industrial mechanics, industrial mathematics, drawing and homemaking, plus other courses if there is sufficient demand.

Driver training registration will begin at 9 a.m. Wednesday, Jan. 11, in GCHS Room 147 and continue until the classes are filled, often the same day.

## Spark Causes Grass Fire

A grass fire in the rear yard of the Madison Callahan residence was extinguished at 3:25 p.m. Wednesday by main station firemen, who said a spark from burning trash was the cause of the fire. No damage was reported.

## GC Man Hurt In Fall, Will Be Brought Here

Owen S. Willtrout sr., 2546 Siberian avenue, hospitalized in St. Joseph's Hospital, Joliet, as a result of a fall, is expected to be transferred late this week to St. Elizabeth Hospital for continued treatment.

Driving a tractor-trailer to Chicago for the American Red Ball Transit Co., Willtrout was nearing his destination Monday evening when he stopped at a highway service station. He slipped while entering the truck cab and injured his right leg.

Hospital tests showed no fracture from the fall, but ligaments in the leg were twisted, it was learned.

### Madison Rotary Club Plans Valentine Party

Plans for a "ladies' night" party Feb. 15 were made during yesterday's Madison Rotary meeting. Harry Thebeau is serving as chairman of the arrangements committee.

Students currently in the organization will participate in the initiation under the leadership of Mike Mundy, student president of the group.

**Music Program**

Musical selections by students will include a vocal duet by Gary Grammer and Keith Veizer, a flute solo by Janice Cardner and a piano selection by Miss Norma Edwards. Miss Cardner will be accompanied at the piano by Miss Elsie Maylath, music instructor.

Those attending will include families of the students, faculty members, graduate members of the National Honor Society local unit and those who have been accepted as members at other schools.

Immediately following the program, refreshments will be served in the lower main corridor.

The group of 26, which will join the present membership of about 30, consists of two top seniors in the January 1961 graduating class, 20 low seniors and four top juniors.

**Prospective Members**

The initiates are Judith Bertrand and Don McElroy, top seniors; Mary Baumann, Carroll Beeler, Joyce Bettendorf, Barbara Byrnes, Margaret Carisa, Karen Daugherty, Bonnie Davies, Rosemarie Geissert, David Hancock, Carol LaMacchia, Donna LaRose, Helen Mitchell, Janet Oram, Ronald Randall, Jack Sultich, Bill Scarsdale, Geraldine Straka, Elaine Tarasovich, Linda Toburen and Linda Vesci, low seniors; and Nancy Dunscomb, Daniel Hull, Eddy Marshman and Robert Potillo, top juniors.

Selection is made by a representative group of about a third of the faculty, including teachers from all subject areas and all extracurricular activities, plus deans and administrators. Only 5% of each of the top three classes can be accepted in a semester, limiting the total membership in each graduating group to 15% or less.

Points considered in the selection are scholarship, character, leadership and service.

The NHS faculty sponsors are Miss Hazel Towery, chairman, and William Schmit and Mrs. Mary Yevin is supervising the preparation of refreshments.

Tradition is a custom that has stood the test of time.

MORE ABOUT
*Unified Transit*

(Continued from Page 1)

State with maximum tax relief would generate sufficient net earnings to finance the purchase of existing transit properties provided those facilities could be secured at reasonable prices.

(5) The sooner such a unified system can be made operative, the more immediate will be the realization of improvements in transit service.

(6) Bi-State is the only agency in the St. Louis metropolitan area with existing powers sufficient to permit it to proceed immediately toward the establishment of such a unified interstate transit system.

Discussing the future program, the report recommends an appraisal of properties held by the 15 privately-owned companies in the area to determine the amount of revenue bonds that would have to be issued to finance the purchase. The revenue bonds would be retired with fare income, not taxes.

**Use Present Personnel**

The report also suggests that Bi-State consider establishment of a subsidiary non-profit company to act as its agent for purposes of operation and maintenance, so that the talents and experience of existing transit personnel could be utilized by the publicly-owned transit company.

A more comprehensive feasibility report also is recommended in the report.

The preliminary report refers to the Public Service Company's recent recommendations for tax elimination and improved service, and the city of St. Louis proposal for municipal public ownership as "constructive suggestions." It concludes, however, that neither plan lends itself to an area-wide solution of the transit problem.

"The city of St. Louis proposal would require the expense and delay of one and probably two referendum votes by the St. Louis electorate, with no advance assurance that voter approval would be secured," the report says.

"In addition, the ownership by a single municipality of transit serving other municipalities is likely to be subject to local political pressures arising in the owning municipality, unless transit system decisions can be made by a board which is free from such pressures. Our information is that present legislation does not provide for such an administrative set-up in the city of St. Louis.

**$20 Million Book Value**

The Gilman Co. reports that the 15 transit systems in this area have an aggregate book value of certain assets of $20,411,400 as of Dec. 31, 1959.

However, it is emphasized that this figure does not represent the aggregate purchase price of these properties. Such price would have to be developed through negotiations.

The report also points out that Bi-State would not have to pay federal motor fuel, excise and income taxes, property and corporate stock taxes or municipal gross receipts taxes. Efficiencies resulting from a single unified system also are cited.

Members of the Bi-State Development Agency said in a joint statement that they would make a detailed study of the report during the next two weeks.

"We will meet again within two weeks to consider our policy in the light of this report," the agency's board of commissioners said. "Until that time neither the agency nor its individual members will have any further comments on the report."

**Employed Last Summer**

The services of the Gilman Co. were engaged by Bi-State last summer after it was suggested that the agency consider the feasibility of purchasing mass transit facilities in the area.

Members of Bi-State are Chairman Preston Estep, chairman of the board of the Bank of St. Louis; Charles M. Roos, a Belleville engineer, vice-chairman; J. F. Schlafly, jr., an Alton attorney, chairman of the executive committee; Gale F. Johnston, Clayton, a retired banker, treasurer; H. S. Wilhelm, Collinsville, executive secretary of the Central Trades and Labor Union, secretary; and D. Richard Adams, St. Louis, business manager of the Carpenters' District Council; Morton R. Beatman, Ladue, an insurance consultant; Harry F. Harrington, Ladue, president of Boatmen's Bank; J. F. Schmidt, executive vice-president of the State Bank of Waterloo; and C. E. Townsend, editor and publisher of the Granite City Press-Record.

The Bi-State Development Agency is established under Missouri and Illinois law with certain specific powers to handle community problems in the metropolitan area. Its members are appointed by the governors of Missouri and Illinois.

**Powers Of Agency**

It is empowered to purchase, lease, plan or construct bridges, tunnels, airports, wharves, docks, harbors, warehouse, grain elevators, sewage disposal plants, passenger transportation facilities and air, water, rail, motor vehicle and other terminal facilities.

Bi-State may operate and maintain such facilities which it owns and charge a fee for the operation and maintenance. It does not have the power to tax. The agency also may make plans for coordinated area-wide development of streets, highways and parkways, parking areas, terminal, water supply, sewage and disposal works, recreational and conservation facilities, land use patterns and other matters in which joint or coordinated action of the communities within the Bi-State area would be generally beneficial.

## No 'Population Explosion' At Hospital Maternity Ward

The twelfth month just ended was not a "boom" year for babies at St. Elizabeth Hospital.

It was, however, a vintage year as regards major, long-sought improvements and additions to the third floor maternity ward. This was realized through utilization of the modern facilities and accommodations of the new Dr. R. W. Binney wing to the hospital.

After a careful tabulation of all hospital births during the 12 months of 1960, Sister Camillus, maternity ward supervisor today came up with the figure 1,320.

The doesn't challenge but only "nudges" the 1959 statistic of 1361 births, which was something in the neighborhood of a record, according to Sister Camillus' recollections.

A month-by-month break down of "stork" business at St. Elizabeth's, as compiled from Sister Camillus' records, and includes both life and stillbirths, follows:

**Breakdown By Months**

January, 117; February, 106; March, 115; April, 101; May, 92; June, 105; July, 115; August, 113; September, 124; October, 130; November, 102; December, 110.

The last one for 1960, incidentally, just got in under the wire at 11:15 p.m. on New Year's eve.

On a comparative basis, here's a run-down of 1959 births by months:

January, 126; February, 101; March, 108; April, 97; May, 107; June, 103; July, 140; August, 111; September, 111; October, 126; November, 124; December, 107.

On the statistical side, likewise, St. Elizabeth Hospital's maternity section can now boast, 35 beds for mother's in the annex, and there are 50 baby bassinets or cribs for the newcomers.

Under the long-range plan project for the institution, the maternity section of the old, main building will undergo extensive conversion.

Maternity rooms and nursery will make way for a formula laboratory, physicians' dressing rooms and a lounge, nurses' dressing room, a new fathers' waiting room and other alterations.

### Grass Fire, No Loss

Firemen extinguished a grass fire in the rear yard of Paul Jackson, 2429 East 23rd street, at 3:10 p. m. Monday. Main station firemen said a spark ignited the grass.

matter of routine, are usually approved without being read during the meeting.

**Reports Require Study**

But Tolar, in his recess motion, said the reports "are detailed . . . and will require study." He requested that copies be made available to board members, together with copies of by-laws governing the board.

Tolar said further that he did not appear at the meeting "to recognize Dan Costello as president," and that "the matter of the presidency of this board is the subject of court litigation which has not been disposed of."

Costello said copies of the reports in question would be made available to board members "at the earliest convenience."

**Question On Attorney Raised**

A brief verbal skirmish between Hennessy and Costello developed just before the meeting recessed when Hennessy questioned Atty. Frank Plattner's right to examine the written statement Tolar had submitted.

Costello said Plattner was acting in his capacity as one of the levee board attorneys appointed by Costello at a meeting in December where Costello was "elected" by a 2-0 vote after Tolar and Molla had called for a recess and walked out, together, with Hennessy, who had not received certification of election at that time.

## 'Tree Of Lights' Tops $4500 Goal By $175

"Better late than never" isn't a phrase coined by the Salvation Army, but that is the way the welfare agency feels about late, post-holiday contributions to its "Tree of Lights."

Today, with the receipt of an additional $65, the grand total of credits, gifts and donations was $4675, which puts the fund-drive considerably over the $4500 goal.

Capt. Mildred Walker of the Army corps, reports that the late-receipts include two subscriptions entitled to a place on the bulletin board and to have a colored tree light turned on for them.

The contributors of $25 each are Leonard E. Gertsch and the Granite City Junior Chamber of Commerce.

Final audit of the "Tree of Lights" accounts may advance the total slightly, Capt. Walker said. But for all intents and purposes the drive closed today with $4675, representing a 104% achievement. Atty. Randall Robertson was chairman of the '60 drive which supplied over 400 baskets of food to needy families in the Quad-Cities.

Costello's opponents do not recognize Plattner as legal counsel or any of the other appointments made at that meeting as legal, although at a later meeting the three retained the same appointive personnel, with the exception of attorneys. This action, in turn, is disclaimed by Costello and Duff.

# Area Cage Squads Sink Teeth Into Conference Schedules This Weekend

With holiday tournament fare chewed and digested, area basketball teams this weekend will look toward the more important schedules of conference games. Everybody involved in the Southwestern, Midwestern or MBC conference jousting will see action which should somewhat clear the picture.

**Kahoks, Triad Unbeaten**

Collinsville in the Southwestern loop and Triad in the MBC league already have established themselves as favorites to repeat as champions. Both remain unbeaten today, but put their win streaks on the line against conference competition Friday and Saturday.

Roxana, with a 75-60 win over Highland Tuesday, moved up to tie Madison for the Midwestern loop lead. The Shells and Trojans both tackle conference opposition tomorrow night, Roxana hosting winless (0-8) Cahokia while Madison visits Highland, which has won only once in nine tries.

**Oilers Visit Warriors**

Granite City, seeking to improve a 1-3 conference mark, is idle Friday but at home to a stronger Wood River team Saturday evening. The Kahoks are visited by Alton Friday and travel to Edwardsville the following evening in probably the toughest weekend challenge of the season for Collinsville.

Edwardsville is at Belleville and East St. Louis at Wood River on Friday night's SWC card, while Belleville calls on Alton to complete the picture Saturday night.

Venice seeks to become a "stopper" against Triad Friday night in the highlight game among four scheduled in the MBC conference. Other loop contests feature Worden at Wesclin, Aviston at Livingston and St. Paul at Bunker Hill. Triad will take a perfect 9-0 mark into the Venice game, which is set for the Knights' gym near St. Jacob.

One Midwestern conference game is scheduled Saturday evening, with Highland and Cahokia battling to see which will move out of the league cellar at the Commonfields gym.

**Wesclin Tourney Set**

MBC conference teams, whose collective season began a couple of weeks in advance of SWC and MWC contenders, will give the other leagues a chance to catch up when four of them take a week off to compete in the eight-team Wesclin invitational tourney, which begins on Monday night.

Area teams not engaged against conference opposition on both Friday and Saturday evenings have filled their respective schedules with non-conference games.

In the Midwest loop, Bethalto is at Southwestern and Dupo at Nashville on Friday. CBC of Quincy calls on Madison Saturday, while independent Collinsville of Venice breaks its holiday layoff that same evening by hosting Mounds Douglas.

# Worden Uses Free Throws To Defeat Venice 66-54; Loss Is 8th Straight

Free throw accuracy was the difference as Worden tripped Venice in a Madison-Bond-Clinton Counties basketball conference game last night on the Venice floor, 66-54.

The Red Devils hit only eight out of 23 chances from the line, while the visiting Trojans connected on 20 of 34 opportunities in dealing Zahn Well's squad its eighth straight setback and fourth MBC loss without a win.

Venice got double-figure scoring performances from John Koelker and Don Devany, but lacked balance due to the absence of Larry Gray, who will be sidelined for an indefinite period with an arm injury.

The two clubs scored an identical number of times from the floor, and the Red Devils held their own in the rebound department, matching Worden's 32 grabs off the boards.

Koelker had his best game of the season as he dumped in 11 of 23 field goal attempts and two free throws for 24 points, the same number of points registered by the Trojans' leading scorer Ron Suhre.

After falling behind by six points in the first quarter, Venice outscored the visitors 15-11 in the second period and closed to 23-21 by halftime.

The style of play opened up in the second half, and so did Worden, pulling away steadily to a final 12-point margin of victory, which was the exact difference in number of free throws made by the two teams. Both teams shot well, Venice hitting 41% and Worden 49%.

The visitors made a clean sweep of the evening's basketball action by winning a preliminary junior varsity game 44-33. Venice travels to Triad to play the unbeaten Knights tomorrow evening, while Worden is at Wesclin for another MBC contest.

The varsity scoring: Venice—Koelker 24, Devany 18, Corrie 9, Ebersoldt 4, Mead 3, Shambro 0, Cicio 0, Rousseau 0; Worden—Suhre 24, Dailey 12, Hayes 12, Behne 8, Robbs 8, Saverwein 3, Loenker 2, Raday 0, Schaefer 0, Hedges 0.

## John Blum Heads Modelers Group

John Blum was elected president of the Tri-City Skysteelers Model Airplane club during a business meeting conducted last night by the group at the local YMCA.

Other officers elected included John Fulcher, vice-president; Les Childers, recording secretary, and Art Conary, secretary-treasurer. Board members include Terry McCormick, Bill Null and Richard Loyet.

Twenty-seven members who attended the meeting also viewed a film prepared by Pan-American Airways showing the steps necessary in the design, engineering, building and testing of a new double-decked trans-oceanic passenger aircraft recently put into service.

The next meeting will be held at the YMCA on Jan. 18. Plans also are being made to conduct an outdoor winter club flying meet sometime late in January at Wilson Park.

## Boys' Cage Leagues To Resume Action

Activities in the Granite City park district's boys' basketball program will resume this week at four locations—Lincoln Place community center, Nameoki, Niedringhaus and Prather schools.

Instruction clinics and league competition were not scheduled during the recently concluded two-week school vacation. The boys are scheduled to resume activity at 9 a.m. Saturday.

## Glik To Attend Convention In New York City

Joseph Glik, president of Glik's Department store, will leave Sunday for New York to attend the 50th Anniversary Convention of the National Retail Merchants Association. The Glik Department store is a member of the NRMA, which represents more than 11,500 department, specialty and variety stores throughout the nation.

The association's annual convention, one of retailing's leading events, draws more than 5000 merchants each year for discussions of the industry's most pressing problems. The meeting will open Jan. 8 and run through Jan. 12.

This year's convention discussions are on the theme, "Retailing Serves America." Seminar sessions will aim at showing merchants how their operations can be improved to best serve their communities.

## Vandalism At Overpass

Venice police are investigating reports that boys have been dropping rocks and bricks from the Terminal Railroad Association overpass near Klein street in an effort to strike autos passing beneath. Such incidents have occurred on several evenings in recent weeks.

## Speeding Ticket

An arrest ticket was issued about 1 a.m. Wednesday to Ronald Scott McCabe, 22, of 2115 Lynch avenue, who Granite City police said was speeding at Washington avenue and Nameoki road. He posted a temporary operator's permit as bond and was released.

Folks who cultivate good habits soon weed out the bad ones.

## YMCA Rolls To 3rd Victory In Senior Teen Cage League

YMCA Teen Town handed Bellemore Barber Shop its first loss of the season last night in Granite City park district Senior Teenage basketball league play at Nameoki school, 60-42.

The win gave the YMCA undisputed possession of first place in the league standings with a 3-0 record. Bellemore is now 2-1.

Anderson Tires and the Trojans broke into the win column for the first time this season. Anderson with a 40-31 victory over the Spartans, and the Trojans by downing Phil Spence Studio 34-23.

Teen Town had three players in double figures in its third victory, Pat Schuman with 20, Harry Neuling with 18 and David Sparks with 13. Harold Ellis hit 14 points for Bellemore, and Mike Suess 11.

Anderson Tires was paced by Andy Basarich with 12 counters and Dave Moss with 10. Steve Schardan scored 10 for the Spartans. Jim Ash was the only player in double figures in the Trojans-Phil Spence game. He rimmed 11 points.

Anderson, Spartans, Spence Studio and the Trojans are in a four-way tie for third place in the six-team league, all with 1-2 records.

## Jaycees Seek Candidate For Annual Civic Award

The Granite City Junior Chamber of Commerce last night set up a committee to seek a winner for the annual Jaycee Award, which will be presented next Wednesday at the Elks Club Earl Parsons, president of the group said today.

The award will be given in the midst of Jaycee Week to the a person or business which has done the most toward civic improvement. Jaycee week begins next Monday.

The presentation will be made Wednesday at a dinner at the Elks Club. All persons between the ages of 21-35 are invited to attend and enroll in the organization.

## Home Bureau Trio Unit Meets At Roman Home

Mrs. Arthur Roman of Rural Route One entertained the Trio Unit of the Madison County Home Bureau Tuesday afternoon.

Mrs. Shirley Schillinger, chairman, was in charge and plans were made to attend a class on slip cover making in Edwardsville in the near future. Other business was discussed and the program followed.

Mrs. Edna Buenger and Mrs. Clara Schillinger gave the major lesson on "Mental Illnesses" and the selected subject presented by Mrs. Helen Schaefer was "Lunch Box Sandwiches." Mrs. Florence Rapp had the health lesson on "Driving on Ice and Snow."

Refreshments were served to 16 members and two guests, Mrs. Clara Harbig and Mrs. Juanita Rock.

The next meeting will take place at the home of Mrs. Robert Miller on Rural Route One when Mrs. Elayne Wendler, the home advisor, will give the lesson on "Mrs. Consumer Learns About Marketing."

## S. T. Club Elects Officers

Officers for 1961 were elected by the S. T. Club at the first meeting in the new year Tuesday evening in the home of Mrs. Pearl Goinz in Madison.

Mrs. Mae Massie was named president. The remainder of the staff will include Mrs. Mollie Fisher, vice-president; Mrs. Mary Taylor, secretary; and Mrs. Lillian Heinemann, treasurer.

Games were enjoyed during the evening, and prizes were won by Mrs. Nellie Schaffner, Mrs. Massie, Mrs. Taylor and Mrs. Amelia Anderson. Eight were present. The next meeting will be held in February at the home of Mrs. Heinemann.

WEBSTER PTA BOARD HOLDS MEETING

An executive meeting of the Webster school PTA was held Tuesday evening with Mrs. Josephine Ross, vice president, in charge.

Reports were given by the committees, and the program chairman announced that Mrs. Ruth McCarty, school nurse, would speak on "Health Services of the School" at the Jan. 9 meeting.

Eight chairmen and officers were present at Tuesday's meeting.

WCTU WILL MEET

THE 63rd WEDDING ANNIVERSARY observed today by Mr. and Mrs. A. A. "Alva" Rhine is but one of three on their calendar. Tuesday, Mr. Rhine marked his 87th birthdate. On Dec. 21, Mrs. Rhine celebrated her 82nd birthday.

# Triple Anniversary Events For Mr. and Mrs. A. A. Rhine

Anniversaries—significant ones—are piling up fast for Mr. and Mrs. A. A. "Alva" Rhine of 2439 Delmar avenue.

Today the couple mark their 63rd wedding anniversary.

Tuesday, Mr. Rhine reached his 87th milestone.

On Dec. 21, Mrs. Rhine observed her 82nd birthday.

The triple anniversaries celebration was a combined one, feted in a gala Christmas party —complete with tree and turkey dinner — with the compliments and good wishes of their son, daughter-in-law, grandchildren, great-grandchildren and neighbors.

Because of Mrs. Rhine's health, today's wedding anniversary will not be feted. Friends, neighbors and relatives are expected to drop in, but otherwise it will go unceremonialized.

It was back on Jan. 5, 1898 at the Methodist parsonage at Carlinville, Ill., that Albert Alva Rhine and Cora Ann Coy were married. Mrs. Rhine was born at Morrisonville, Ill., her husband at Nokomis, Ill.

The couple came to Granite City in 1923, and since that post-world war I date, have claimed a Delmar address. Their present home is the second on that avenue.

Although christened Albera Alva, Mr. Rhine is known as Alva. For many years he was employed as a machinist's helper at the Brooklyn yards of the Wabash Railroad. He retired four years ago.

Two sons were born to the Rhines, Frank, who died in 1952, and Lester, of 2936 Fortune drive, an employee of the Van Buskirk market.

There are three grandchildren, Gordon Rhine, Mrs. Barbara Sherman and Miss Janet Rhine, all of Granite City, and a like number of great-grandchildren.

Photos of the second and third generation of Rhines spangle the living room on Delmar avenue. While Mrs. Rhine isn't in robust health, she manages the housework and gets the meals. Both have a keen, lively interest in current events and can boast of a large circle of friends and acquaintances in the Quad-Cities area.

Mr. Rhine is able to get about and suffers but few of the debilities of his age.

The octogenarians said today that no anniversary celebration was contemplated, since "it was all done up" on Christmas, a combined wedding and birthday celebration.

"Relatives and friends brought in and trimmed the tree and prepared the Christmas dinner, turkey, and you, and we feel that this big, happy event will suffice for all the triple anniversaries," Mrs. Rhine explained.

She goes to the United Presbyterian Church. Her husband is a member of the Modern Woodmen of America.

## Hitchhiker Steals $50 From Granite City Man

County authorities are seeking a hitch hiker who robbed a Granite City man of $50 along Eagle Park road early this week.

Cecil Liston, 2238 Illinois avenue, told deputies he picked up a pedestrian, while driving home from East St. Louis. When Liston stopped the car to allow the man to get out, he was attacked.

The man fled with Liston's wallet, but Liston said he thought he had stabbed his assailant in the fight.

# Quad-City Area Surname Study To Be Undertaken

What's in a name or, what's more to the point here, what's the significance in a suffix?

In the Quad-Cities are to be found literally scores of names with the eff, iff and off suffixes.

Some are of Anglo-Saxon derivation, others flow and stem from Slavic nomenclature, in the main, persons who trace their birth or ancestry to Russia, Bulgaria, Hungary, Macedonia and Albania and sections of old Bohemia.

The study of nomenclature has intrigued the interests of learned researchers down through the years. Currently a group of Washington University students are making plans for an area study of ethnic groups and family names.

The linguistic atlas of the United States shows a marked concentration of Indo-European speaking peoples in the Quad-Cities complex.

So, scholars point out, there is a proliferation of the eff, iff and off suffixes.

And just what do they connote or denote?

You can reap a number of answers in a poll, but in popular translation they indicate "son of," a practice common, for example in the Scandinavian North countries.

There, Soren Jensen's son becomes Jorgen Sorensen, his son, in turn, would be Trygve Jorgensen, and the next generation would have Trygvesen as a surname. Proposes a puzzling task for genealogists, but the practice has fallen into disuse.

From a preliminary survey made by the Washington University students of ethnology and elementary linguistics, it appears that the repetitious eff, iff and off suffixes hereabouts may be roughly translated as "of, from" or "by way of."

Some of the suffixes are added to place names, to rural areas, to estates or to paternal Christian names. The pattern, as it operated late in the 19th and carried over into the 20 century varied. Vasileff would indicate the 'son of Vasil," and the surname spelling in the Cyrillic alphabeti is, naturally, at some variance with our A, B, Cs.

The St. Louis Public Library says its archives has numbers of volumes, in Russian, on place and family names. However most of the learned tomes remain untranslated, so the folklore of the meaning and interpretation of the Slavic suffixes must stand.

That it, until scholars, now at work come up with a new study.

In the study, university students plan to cover a considerable area wherein are concentrated various ethnic groups, and they will have the aid of scholars from Columbia University, Georgetown at Washington, D.C. and Brown, at Providence, R.I.

TOP SHEARED BY CABLE, two occupants of the above auto were injured Tuesday afternoon. The car, traveling on Rock road, struck a cable stretched across the roadway at the bottom of the old East Side Levee. Hospitalized after the crash were the driver, Benny Scarborough, 30, of 2500 Rock road, and his brother, William, 23, of 2702 Denver street.

# Autos Hit Cable, Metal Post; Four Persons Injured

Two Granite City men were injured when their auto crashed into a cable stretched across the dead-end of Rock road at 2 p.m. Tuesday, sheriff's deputies said.

The cable, on which hung a warning sign, was used to prevent traffic proceeding off Rock road, directly onto the Chain of Rocks canal levee.

Benny Scarborough, 30, of 2500 Rock road, and his brother, William, 23, of 2702 Denver street, remain in fair condition at St. Elizabeth's Hospital.

Benny suffered a severe gash on his chin, fractured ribs on his right side, right fractured collar bone and a concussion. William sustained fractured chest ribs and a fractured nose.

Authorities said the auto was unable to stop when its brakes failed as its driver, the elder Scarborough brother, was attempting to make a turn.

They said the car smashed into the cable, which nearly sheared the top off the 1956 hardtop auto.

The wreckage pinned the driver inside, but the passenger was able to get free and summon the police and an ambulance.

Granite City police later extricated the driver from the car.

**2 Hurt Early Today**

Two local men were injured about 2:30 a.m. today when the auto in which they were riding went out of control and crashed into a steel post barricade at the 27th street and Delmar avenue entrance to Wilson Park.

Taken to St. Elizabeth Hospital by ambulance were Richard Racera, 22, of 2021 Cleveland blvd., driver of the car, and a passenger, Robert R. Lindsey, 25, of 2748 Myrtle avenue.

Police said the car was tarveling north on Delmar avenue when it went out of control and struck the barricade, bending it slightly. The car was towed away.

# State Says 'No' To 20th Street Grade Separation

City council members are not ready to give up on getting a grade separation at the 20th street railroad crossing although they were advised Tuesday night by the state highway department that no funds would be available for such a project.

However, the highway department did not close the door entirely. They suggested city officials might confer with the department's district engineer at French Village before taking the city's case to the Illinois Commerce Commission.

In a letter to the city, the state highway department said no funds would be available for an over or underpass since construction of Federal Aid Route 151, skirting Granite City, will eliminate through traffic now using U. S. Highway 67a over Missouri avenue and 20th street.

**Meeting To Be Set**

Fourth Ward Alderman Paul Rutledge, who had asked for the request to go to the state, suggested a meeting be arranged with the district engineer to determine what other steps are available to the city.

At the time the request was made several weeks ago, it was pointed out the city would have to share the construction costs.

Alderman Walter Nonn, Fifth Ward, commented the state was "silly" to ignore the request with the forthcoming development of $24-to-$30 million wharf and terminal facilities along the canal harbor.

"They're going to need a highway outlet through the city and one that won't be tied up by long trains," Nonn said.

Self-sympathy is a one-way street that leads only to misery.

## Sheriff's Secretary Has 9-Day Florida Vacation

Mrs. Margaret Johnston, 2601 Iowa street, deputy-secretary in the county sheriff's office, returned Tuesday from a nine-day trip to Miami, Fla., where she visited her children.

She spent Christmas with a son Ellis Johnston jr. and two daughters, Mrs. Eugene (Frances) Casey and Mrs. George (Alice Marie) Harmon.

She returned by jet airliner in a flight that took one hour and 20 minutes.

Mrs. Johnston said "it was cold for the first two days, but the rest of the week was about 80 degrees."

# Eagles Lodge District 7 Meeting Here On Jan. 15

Eagles Lodge Aerie 1126 will be host to a District Seven meeting here on Jan. 15, it was announced today by the local lodge president, Edward McGovern. The district session will be held at the local lodge hall, 26th and Madison avenue.

Guest speakers during the day will be Illinois State President Lewis Akins of Waukegan and Jesse Brown of Gary, Ind., a member of the local Aerie who is national regional president. Other state officers are expected to attend.

An installation ceremony for all newly-elected officers of the district will be conducted. After the sessions, a lunch will be served and dancing will begin at 6 p.m.

Eagles District Seven includes the Granite City, Alton, Wood River, Jerseyville, Collinsville, East St. Louis, Benld and Staunton lodges.

## State Capitol NEWS

Gov. William G. Stratton has announced that bids for the new State Museum building at Spring and Edwards streets in Springfield have been let at a cost approximately three quarters of a million dollars under original cost estimates.

The 1959 General Assembly appropriated $2,535,000 for construction purposes. The total of the bids accepted for the construction was $1,789,370.

The building is to be constructed on state property south of the Archives building and west of the Centennial building, a site selected by Governor Stratton and Secretary of State Carpentier.

The commercial apple crop in 1960 totaled 2,100,000 bushels, nine per cent below the 1959 crop of 2,300,000 bushels and 20% below the 1949-58 average, according to the Illinois Cooperative Crop Reporting Service.

By 1980, widespread hunting in Illinois may be a thing of the past. The dire prediction comes from Dr. Paul W. Parmalee, curator of zoology at the Illinois State Museum.

Human population increases predicted for the coming years will result in proportionately more hunters stalking steadily decreasing game.

Deer herds, which have shown a steady increase here during the last 10 years, will probably continue for a while, but the increase will be quickly checked in certain areas when "waste" lands are salvaged for farming, according to Dr. Parmalee.

The prairie chicken is an example of a natural game bird that faces a black future, says Dr. Parmalee. The breaking up of large tracts of original prairie into cultivated corn, bean and wheat fields has already uprooted the prairie chicken from its favorite cover and nesting places.

Already a vanishing game bird, the prairie chicken may be extinct in Illinois by 1980 unless local areas of grassland and fallow fields are preserved as nesting sites for the birds.

Dr. Parmalee finds the cottontail rabbit and bobwhite following the route of the prairie chicken, at least in particular local areas, as more and more hedgerows and brush cover are eliminated.

If current trends continue, opportunities for the average sportsmen to hunt waterfowl will become few. Already the state has taken over many of the choicest locations for regulated hunting. The expense of membership in private gun clubs today makes hunting on gun club lands prohibitive to most sportsmen.

There is one bright prospect for the hunter, though. Certain of the game species like the ring necked pheasant and mourning dove might be benefited by the expansion of more open extensive fields in which to feed and find cover.

Taking everything into consideration and barring an extensive soil bank program, Dr. Parmalee believes that by 1980 most areas in Illinois where any quantities of game species can be found will be the state and federal wildlife sanctuaries and preserves.

The popcorn crop grown in Illinois during 1960, estimated at 55,200,000 pounds, is 14% larger than last year's crop and over one fourth greater than the 10-year 1949-58 average.

According to the Illinois Cooperative Crop Reporting Service, this year's crop is the fourth largest on record. It is the second largest in the U. S., trailing Indiana.

The average price is $2.60 per cwt., compared with $2.50 last year. The 1960 popcorn crop is valued at $1,435,000, compared with last year's value of $1,208,000.

## Complaint Hearings By Board of Review End

Members of the Madison county board of review completed the job of hearing complaints concerning personal property taxes and tax assessments in unincorporated areas of the county this week, although a final report will not be made to the office of the county clerk until later this month.

No final tabulation of the number of complaints registered has been made, but Board Clerk Leo J. Struif of Alton estimates that several hundred were heard since the board began sitting in June.

The four-member board includes Struif, Chairman Gus Haller of Wood River, Charles Rook of Godfrey and John Bellcoff of Madison. Bellcoff completes his second term as a board member in June of this year, and will be eligible for reappointment by County Judge Michael Kinney. Board appointments are for two-year terms, and are usually made before current terms expire.

## Concert Association Election Is Sunday

Members of the board of directors of the Tri-City Community Concert Association will hold an annual meeting at 2:30 p.m. Sunday at the Granite City Trust & Savings Bank.

Main purpose of the meeting will be the election of officers for the coming year. Recommendations by the board's nominating committee are to be placed before the gathering for consideration. Current president of the association is Robert D. Todoroff.

Mrs. Margaret Warwick, midwestern area representative of the Community Concert Association national offices in New York City, with which the local group is affiliated, will attend Sunday's meeting.

## 3 Venice Fire Calls Within Hour Yesterday

Venice firemen answered three calls within a period of 50 minutes yesterday afternoon.

The first call was at 2:31 p.m. to the rear of the Lincoln school, where weeds had caught fire, and the second was at 3:15 p.m. to the vicinity of the Gulf, Mobile and Ohio Railroad roundhouse, where a weed fire had spread to a utility pole.

Five minutes later, at 3:20 p. m. Wednesday, the firemen went to the Hyman-Michaels Co., 1310 Broadway, where a spark apparently was responsible for a fire in waste oil in a 2x2-foot runoff area. No loss occurred, but there was dense smoke.

# 14 Tri-County CD Directors Meet On RADIAC Program

Radiological defense measures were topics for discussion at a meeting of the Tri-County Municipal Directors Association for Civil Defense held here Tuesday night at the conference room in the city hall. Attending were representatives of the Granite City, Madison, Highland, Hartford, Collinsville, Livingston and Edwardsville CD director staffs.

The guest speaker was Anton W. Perne, coordinator of Civil Defense for the office of the superintendent of public instruction, Springfield.

Perne said he was primarily concerned with RADIAC and the distribution of RADIAC equipment to high schools and colleges in Illinois for teaching the use of instruments. Such radiological programs are carried out in science classes at local schools.

He said several large industrial plants in the state have trained squads of radiological defense monitors, and there are more trained monitors in the Chicago area than in any other section of the country.

Any elaborate build up of civil defense operations without first establishing competent radiological monitoring teams is a farce, he said, as no rescue, fire or policing group can go into action following an atomic attack before the areas have been checked for safe radiation level.

Illinois is supposed to have 6000 fixed monitoring stations manned by at least two and preferably four training monitors, both men and women, Perne stated. At least 400 are to be set up prior to the next national alert exercise to be held late next Spring.

During the meeting, Granite City Deputy Director Mrs. Valerie Evenden reported on the Greater St. Louis area manpower conference held late last month in St. Louis, attended by representatives of labor, management, civil defense, state employment services offices and the armed forces.

George W. Schumacher, Granite City Civil Defense director, invited the Tri-County group to hold its next meeting in Granite City.

The three counties are Madison, St. Clair and Bond.

## Taxpayer Assistance Begins Tomorrow

The local office of the Internal Revenue Service will begin assisting taxpayers in filing income tax forms tomorrow.

Hours will be from 8 a. m. to 4:45 p. m. at the office at 1925 Edison avenue, according to Louis Marberry, district director representative.

The assistance is offered without charge and persons may seek the service by telephone. Almost all forms have been mailed out, and consist of the 1040, 1040A and 1040W.

Deadline for filing is Monday, April 17. Assistance will be given every Friday.

# PROCLAMATION

WHEREAS the prevention of crippling diseases will materially strengthen the health and well-being of our community and nation, and,

# Tests For Social Security Careers Set For Jan. 21

Tests for college seniors and graduates interested in a career with the Social Security Administration will be given at 8:30 p.m. Jan. 21 at Alton and East St. Louis centers of Southern Illinois University.

The tests are given jointly by the Placement Service of SIU and local area Social Security offices.

Eligible are men and women who now hold or will receive degrees by June 15, according to David R. Van Horn, supervisor of placement service.

Results of the tests will be known Jan. 23, when the candidates meet with counselors at 12:30 p.m. Successful candidates will be appointed as claims representatives upon completion of degree requirements.

More than 170 appointments will be made within the Seventh Civil Service Commission between now and June.

Beginning salary is $4345 a year for the first six months; $5355 for the next 12 months and, upon passing an achievement test, a $5885 a year salary will be awarded.

# More Shelters, Pits, Tables For Lee Park

The Venice park district board of directors assembled briefly last night for a monthly meeting, with major discussion centering on bills submitted for approval and on scheduled park improvements. President William Ohlendorf jr. presided.

Emphasis is to be placed this spring on additional facilities for family use of Lee Park. Plans call for more shelter structures, barbecue pits and picnic tables to be installed in the park.

# Meter, Fines Revenues At Six-Year Low of $41,793

Curbside parking meters and traffic fines brought $41,793 into city coffers during 1960, a six-year low in revenue from these sources.

Last year fines and meters netted the municipality $42,509, in 1958 the figure was $43,897, and in 1957, the gross was $42,153. Back in 1954, the previous low of $40,349.83 was recorded.

These figures are not indicative of a fall-off in downtown traffic or in the number of motorists doing "home town" shopping, it was pointed out by observers.

**Off-Street Parking Increases**

Reduction in meter revenue is due quantitatively to additional off-street parking facilities provided by financial institutions, stores and other business interests.

Parking meter receipts for December fluctuated downward to $2749, to set a monthly low for the past year. Here again, it may be noted, the Associated Retailers and Civic Association, under a program to give impetus to shopping, stood "treats" for overtime parking.

The association doled out something like $100 in coins which meter patrolmen deposited in the machines in payment for second-hour overtime parking.

Consequently, traffic violation fines too dropped to a twelfth-month low, $88.

In operation 26 days during December, daily average of parking meter receipts was $109.14 for the past month. Here, again, the bottom was reached for the year.

**$176 Daily Average**

During the past 12 months, May stood out quite strikingly as the most "profitable" month. May set a five-year record with grosses of $4106, averaging out at $176.65 per day.

For the statistical minded, taking the all-over revenue for the year and dividing it by 307, the total number of days of meter operation, the daily income was approximately $139.

This included the fines addition.

Incidentally, Granite City's parking meter fund, as of the end of November, stood at $47,400 — a healthy balance. Funds are used for meter maintenance and upkeep, new purchases, salaries for several patrolmen and for signal lights and other traffic signs.

Since the city installed parking meters back in 1950, the all-over receipts comes very close to the half-million dollar mark at $484,572.91. Last year, as a decade of use was rounded-out, meters had enriched the municipality to the tune of $442,779. By mid-year, 1961, the grand total should vault over the $500,000 figure.

## City To Seek Limit

(Continued from Page 1)

Alderman Charles Meyer added that Nemeth told other council members he planned to resign when his move is completed.

"He told us that would be about Dec. 15," Rutledge added.

In a roll call vote, Rutledge was joined by Aldermen Donald Partney and Arthur Wiezer in the move for separation. Those opposing it were Nonn, Rufus LeMaster, Meyer, Estill Von Schmittou, Samuel Whitmer, Steve Basarich, Robert Gaughan, Samuel Shackelford and Frank Vesci.

**Zoning Designations**

In other business, the council adopted an ordinance, which had been placed on first reading last week, requiring realtors to set forth zoning designations of property offered for sale in advertisements and on "for sale" signs placed on the property.

Meyer, who is chairman of the Ordinance committee, said he had heard of no opposition to the change in the zoning law.

Approved by solons was a request from the police department to rent an "identi-kit" for a year at a cost of $25 a month. The kit is used to build pictures of crime suspects from descriptions given by victims. Detective Sgt. Leo Padgett was sent to a special school last year to learn the operation of the kit.

Catchbasins installed for storm water drainage in the Westchester subdivision were accepted by the city, and Alderman Nonn called for holding up all payments to the East St. Louis & Interurban Water Co. until a fire hydrant is installed at West 23rd street and Nevada avenue. Nonn said the area is served only by a half-inch water line.

Overtime pay included in the $34,075 half-month payroll was $565 for firemen and $470 for policemen who worked on Christmas and New Year's holidays.

**Attempted Burglary Warrant Served On Youth**

Frank Dalton, 18, of 2817 Palmer avenue, was served a warrant Tuesday afternoon charging him with attempted burglary after being arrested early Monday morning in the vicinity of Eads Market.

He was released on $1000 property bond for a preliminary hearing Jan. 24 before Police Magistrate Gasparovic.

29½ Inches Precipitation

# Area's Rainfall 7¼ Inches Below Normal During 1960

Rainfall in the Quad-Cities area during 1960 was measured at 29.50 inches, about 7¼ inches below normal for the area, according to the gauge maintained at the Chain of Rocks canal locks by the U.S. Army Corps of Engineers.

Last month's readings, including rain and snow, totaled 2.77 inches, while the record for the year was the 4.39-inch total registered during June. Driest month was September with a mere .45-inch of precipitation.

The year's total, while 7¼ inches below normal, was a slight 1.38-inch under the 30.88-inch total recorded for 1959. Total for other recent years were 41.3 inches in 1958, 51.54 inches in 1957, 41.94 inches in 1956, 34.2 inches in 1955 and 31.31 inch in 1954.

**June 29 Record Day**

Heaviest rainfall recorded for any one 24-hour period during the year was measured at 8 a.m. on June 29, when the total was 3.30 inches.

Actually, there were only seven days during the entire year on which rainfall was measured at one inch or more. The gauge is read at 8 a.m. each day at the locks.

The days on which an inch or more of rain was recorded were April 21, 1.40 inch; May 6, 1 inch; May 25, 1.40 inch; June 29, 3.30 inches; July 1, 1.20 inch; July 11, 1.75 inch and Dec. 6, 1.40 inch.

Of the year's 366 days, rain was recorded on 153 days. However, measurable rain fell on only 91 days, with traces (less than a hundredth of an inch) recorded on the remaining 62 days.

The days of rain by months follows, listing first the total number of days and then a breakdown of actual rainfall and traces, followed by the total number of inches:

January—15 rainy days (7 of rain and 12 with traces), total, 1.80 inches; February—14 (10 rain, 4), 1.37 inch; March—16 (10 rain, 6), 2.73 inches; April—10 (7 and 3), 2.86 inches; May—17 (11 and 6), 4.27 inches; June—12 (7 and 5), 4.39 inches; July 9 (6 and 3), 3.47 inches; August—11 (6 and 5), 1.13 inch; September—7 (2 and 5), .45 inch; October—11 (8 and 3), 3.27 inches; November—12 (8 and 4), 1.49 inch and December—14 (9 and 5), 2.77 inches.

# City To Notify ITR To Repair All Right-Of-Ways

Illinois Terminal Railroad officials are to be notified by Granite City that unless they repair abandoned street car rights-of-ways, the city will do the work and send the bill to the railroad.

The proposal was made by Alderman Walter Nonn during Tuesday night's council session, and the solons instructed City Atty. William Beatty to send the notice immediately.

Beatty, at the request of Alderman Samuel Whitmer, chairman of the Street and Alley committee, explained he is still endeavoring to reach an agreement with the railroad for removal of the old rails and ties and paving of the right-of-ways in the city.

**Offer To Resurface**

The only offer made by ITR, the attorney said, was to place an asphalt surface over the rails.

"What can we do to get them to remove the rails?" Whitmer asked.

Beatty replied that the matter had been dismissed by the courts and that he believed if the city would present its case to the Illinois Commerce Commission, the commission would rule in favor of the railroad.

Nonn's motion calling for right-of-way repairs was for immediate action, pending any further steps taken by the city for forcing the railroad to remove rails and ties.

Whitmer also called for the city engineer to inspect the old street car tracks along State streets between 21st and 23rd streets. The alderman said the street "is going bad," and asked the engineer to submit a detailed report on its condition.

...elding shop, where Gordon ...ubreath is the instructor; ...tal shop, taught by James Du...at; and wood shop, taught by ...vey Mullen.

The metals room is to be placed in use next week, with the wood shop transfer occurring at the semester change at the end of this month. Four conventional classrooms, including one to be shared by the shops and three general instruction, are to open later.

Both the welding and wood shops are being transferred from the older shop area, while the drafting shop is new, making possible a wider range of instruction in sheetmetal and related work.

Features of the new structure include separate acetylene and oxygen tank storage rooms, reached from the outside and divided from the class area by thick concrete walls.

An improved exhaust system is being placed in operation to remove dust, wood shavings and any hazardous fumes. Flash arrestors and other new equipment also will enhance the present safety measures.

# 'March Of Dimes' Kickoff Banquet Set For Tonight

The 1961 "New March of Dimes" drive will officially get underway tonight with a kick-off banquet at 6:30 p.m. at the Rose Bowl restaurant, according to Mrs. Roberta Lambert, area campaign director.

Keynote speech will be given by Andrew Glosecki, of Springfield, downstate representative of the national organization.

Chairmen of various committees will attend.

A check, representing collections of the one-day street drive held Tuesday by Rebekah Lodge 477, will be presented to Mrs. Lambert.

The street campaign, consisting of the sale of miniature "blue crutches," was the first effort in personal solicitation.

Near the end of the month, a Mother's March will be held on a door-to-door basis.

Volunteers have placed more than 500 containers in stores, supermarkets, restaurants, offices and in industries.

Almost all chairmen have been appointed.

Mrs. Lambert this week named another committee leader, Mrs. Carl Ranft, to be in charge of coin-card and container distribution in all Granite City grade schools.

# Venice School Costs $19,255 In December

Operational expenses in the Venice school district for the month of December were $19,255, according to a list of bills and salaries approved for payment during a Venice school board meeting Tuesday night.

Included were $16,220 in the educational fund, $1495 in the building fund, $302 in the transportation fund and $1239 in the school lunch fund, of which $632 was for the Venice cafeteria and $606 for the Lincoln cafeteria.

An attendance report for December by Supt. John Pier, who did not attend the meeting due to illness in his family, showed an average of 90.3% of the students of Venice and Lincoln schools in class on the 16 days taught during the month.

Supt. Pier will attend a regular meeting of school administrators in the offices of County Supt. of Schools Wilbur R. L. Tempe on Wednesday, Jan. 11.

During its brief meeting Tuesday, the school board discussed the replacement of a generator on a recently-purchased school bus and the possibility of erecting outdoor spotlights at the Lincoln school building.

## Magistrate Laws Should Be Guarded Against Destructive Changes, Delays

Illinois laws replacing magistrate and justice of the peace fees with salaries were exceptionally well-prepared documents, unharmed by crippling amendments. The state legislature showed courage in acting despite substantial opposition to the sweeping change, slated to take effect this spring.

This is not to say that the scheduled program is perfect. Amendments that might properly be made this winter, in response to urging by county and township officials, are changing of the JP title to that of district magistrate, which might aid in attracting lawyers as candidates; requiring specific district court hours and locations, and eliminating the police phase of district constable duties.

There are indications that some of the proponents of change would go farther in the hope of altering the basic intent of the plan, which includes a major reduction in the number of officials as well as the salary provision. Others hope to stall the effective date, allowing more time to arouse opposition.

Any revisions that are considered should be carefully scrutinized. If the changes mentioned cannot be achieved without opening the door to other amendments that would delay, weaken or destroy the program, then all provisions should be opposed to enable it to become a reality this spring. It is too good a plan to be subjected to destructive changes disguised as constructive.

## Eagle Scout Rank Signifies High Ideals, Valuable Skills

"A scout is trustworthy, loyal, helpful, friendly, courteous, kind, obedient, cheerful, thrifty, brave, clean and reverent." In observing these rules, boys pledge, "On my honor I will do my best: to do my duty to God and my country, and to obey the scout law; to help other people at all times; to keep myself physically strong, mentally awake and morally straight."

All Boy Scouts follow these high ideals, and those who attain the highest merit award, Eagle rank, have demonstrated unusual perseverance and proficiency in nature lore, camping, crafts, first-aid, swimming, signalling and a multitude of other skills helpful to themselves and others.

It is with deep pride and respect that the Quad-Cities welcome 15 local scouts and 25 from other sections of the Cahokia Mound Council as members of scouting's golden jubilee Eagle class. While within the reach of boys, the achievement signifies that they have gone a long way toward becoming men.

## Tree Of Lights Again Successful In Aiding Needy At Christmas

The community's second successful fund drive of 1960 was the Salvation Army "Tree of Lights" campaign, which topped its $4500 goal. Under the leadership of Attorney Randall Robertson, more than 104% was subscribed.

The United Fund is the major drive of the year, uniting supporters of all types of welfare, health and civic programs into joint solicitation of funds. The Tree of Lights is in a category all its own, not competing with the endeavors of UF agencies but still somewhat apart due to its special purpose.

Sharing of Christmas joy with those who need aid the most is made possible by the annual December drive for funds and food to fill holiday baskets. Again for the 1960 holiday season, the Tree of Lights burned brightly.

## Separate Projects To Speed Development Of Local Port

While progress has been swift, there has been natural speculation over when new facilities will begin appearing at this community's port, the harbor section adjacent to the locks on the Chain of Rocks canal. It now seems apparent that the answer is this year.

During December, the Tri-City Regional Port District announced that plans and specifications are being completed for grain facilities, first phase of a proposed $24 to $30 million port and industrial development at the northern end of the harbor. Bids are to be sought in February, with work beginning by summer.

A subsequent announcement by the Bi-State Development Agency reveals definite plans for enlargement of that agency's existing facilities at the wharf area near the southern end of the harbor. Construction of a $5 million grain elevator and terminal is to start in the late spring.

Negotiations and planning for establishing the port are complex and time-consuming, but it is clear that at least two projects are likely to be started during 1961, with other developments following soon afterward. The next stage is nearing an end; the Quad-Cities soon will take wing as an important transfer and loading point for the nation's river shipping industry.

## New Attorney General Regards Organized Crime As Major Threat

Despite the renewed questions of age and maturity, appointment of the president-elect's 35-year-old brother to the U. S. attorney generalship is praiseworthy from at least one standpoint—the likelihood that organized crime instead of Republicans will become a major target of Robert F. Kennedy.

Fresh from calling signals in the presidential campaign and a veteran of Congressional investigative work, Kennedy is said to have never tried a case in court. But he has seen enough to know that syndicated crime is a major threat to a free society and must be dealt with effectively, even with new approaches if they prove to be needed.

In his book, "The Enemy Within," he advocated an advisory commission on interstate crime, with a national information service at the disposal of all police and sheriffs. "Only through a nationwide network can we fight the widespread penetration of criminals into our economy," he wrote, adding that "if we do not on a national scale attack organized criminals with weapons and techniques as effective as their own, they will destroy us."

The words are strong, but the attorney general-designate is among those who feel that the threat is real and must not be ignored. In his new job, he should be in a position to take positive steps to cope with the gangster organization.

## Sentenced For Vagrancy

**QUESTIONS NECESSITY OF ELDERLY HOUSING UNITS**

Mr. C. E. Towwnsend, Editor
Granite City Press-Record
Granite City, Illinois

Dear Sir;

It's beginning to look as though our City of Granite City is going to have a housing project for the older citizens of our city. The proposal sounded fairly good, but there is much to be considered in all fairness to the city as a whole. Questions have never been answered quite to my satisfaction, nor to others who are concerned about this development.

We would certainly like to see a copy of the waiting list of the senior citizens who desire this type of housing. We know it will consist of 100 multiple dwellings. Does it require 12¼ acres? What are the specifications, as to square feet, wood or brick construction? What are interior specifications, such as furnishing, floors, plumbing, heating facilities? What is the cost of the land? Estimated or positive cost per unit? What is the total cost? Are there to be any other buildings, such as a recreation center? What will the rental fee average per unit? When did the housing authority apply for construction funds? What is the amount of the federal grant?

Since a federal grant is taken from income tax funds paid by each and every one of us, it would seem most unwise to ask for construction funds unless it is an absolute necessity. Spending should be curtailed in as many areas as possible at this time.

I would like to hear more about this development before the housing board makes any definite committments with the Chicago office. Possibly the project could be done by private enterprise, or by the city. This would seem in either case a better solution than federal financing. If we accept a federal loan, we also accept federal "BOSSING."

Sincerely yours,
LILLY P. CHABOUDE

**PARENTS THANK MITCHELL FIREMEN FOR PARTY**

As parents of children in the Mitchell fire district, we would like to thank our firemen for the very nice Christmas party they gave our children.

They have given this party for a number of years. The children really enjoy them. A lot of time and work is spent in their preparation. Surely we can take few minutes to thank the firemen for their many services given all year long.

Happy New Year to our Mitchell Fire Department and God Bless Them, everyone.

Twelfth Night Observance

# Yule Tree Pyre To Blaze Friday In Bellemore Area

A giant bonfire will blaze Friday night as Bellemore Village celebrates Twelfth Night or the Biblical Epiphany by making a pyre of its Christmas trees.

A tradition carried forward yearly since the "founding" of the village a half-dozen years ago, Twelfth Night rites are sponsored by the Bellemore Village Civic and Improvement Association. Francis Herman is president.

Villagers will make Friday night not only the occasion for the burning of the trees, but for awarding a trio of trophies. These will go to the homes of villagers judged to have been the most attractively lighted and outdoor decorated during the Yule season.

Selection of the prizewinning homes was made by a panel of girls enrolled in art classes at Granite City high school.

The bonfire is sure to be a huge one, if the pattern and practice of yesteryears is followed.

Last year the Twelfth Night pyre not only had some 300 trees brought in by villagers, but it was further augmented by trees from homeowners outside the village sphere.

**Set For 7 P.M.**

The igniting torch will be applied Friday at 7 p.m., or thereabouts. Last year, the distinction of setting the blaze went to Abe J. Shannon, a past-president of the Bellemore Village association.

In previous years, the honors have been done by State Rep. Lloyd C. "Curly" Harris.

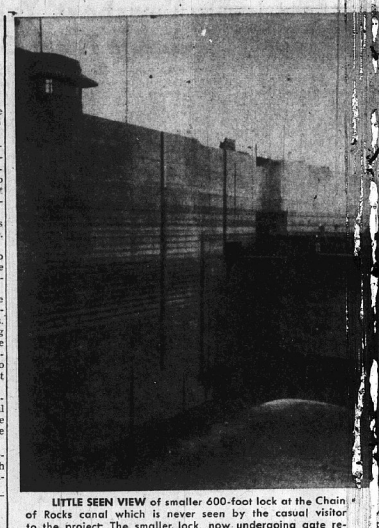

The bonfire of trees will be to the rear of the Bellemore Village Shopping center, on a Jill avenue-Pantoon road lot.

President Herman said due precautions will be taken to prevent a spreading of the flames.

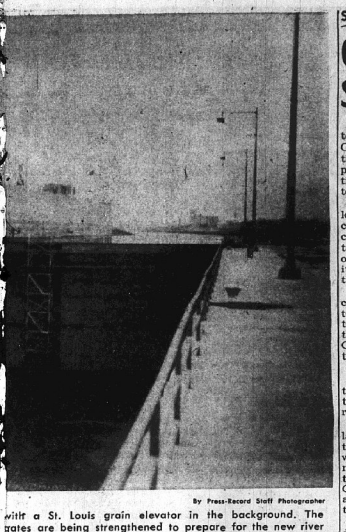

Shannon recalled that during the first couple years of the Twelfth Night celebration, villagers would carry their trees to the bonfire site before the night set for the blaze.

However, this was discontinued. Some years ago, a youthful prankster set a match to the pile, and there was a premature Twelfth Night bonfire.

Now, it is the custom of Bellemorites to carry their trees with them when they go to the Epiphany observance.

# C. of C. Group To Study School Trustee System

Under consideration, preparatory to a report, the Tri-Cities Chamber of Commerce's legislative committee this week has a proposal calling for the abolition of the township school trustee system in Madison county.

Directors of the Chamber, following lengthy debate and discussion Tuesday night, asked the committee to give further detailed study to a plan to wipe out the trusteeships, and report its findings and recommendations back to the parent body.

In their consideration of the controversial question involving township school districts, directors had before them action of the East St. Louis Chamber of Commerce recommending that the present system be abolished.

**Other Groups Interested**

The East St. Louis organization asked the Tri-City C. of C. to join forces in a fight to secure repeal of the law.

It was pointed out that legislative action would be necessary to abolish the trusteeship set-up which, it was noted, is in force now in only three Illinois counties — Madison, St. Clair and Cook. New census figures could add four more counties to these three.

Paul H. Lichtenberger, president of the C. of C., said that G. W. Hoelscher, chairman, and the legislative committee, agreed to take the question under advisement, and to bring in a finding.

C. E. Townsend, editor and publisher of the Press-Record, who holds a director's seat, was in the van among those who advocated abolition of the township trustee system. He has editorially urged that the death-knell be sounded for the plan, which is not only costly, more so elsewhere than here, but unproductive and largely archaic.

In other action, directors heard a legislative committee report from Chairman Hoelscher relative to legislation likely to come up before the 1961 session of the General Assembly.

There also was a report from the Congressional Action committee, submitted by Chairman Gene H. Sternberg, who said final appointments will be made within a week.

President Lichtenberger said these two committees are not "lobbying groups," but were set up as advisory bodies to review measures affecting trade, commerce, industry and the general economic welfare of the Quad-Cities as a whole.

## Winter Term Classes Begin Today At SIU

Winter term day classes at Southern Illinois University's Southwestern Campus opened today.

Evening classes for the first winter quarter session begin tonight. Monday-Wednesday classes will not meet until next week. All classes in the university's industrial management program at Granite City, Alton and East St. Louis will begin next week.

Registration for the industrial management program will be tonight from 7 to 8:30 at the SIU centers in Alton and East St. Louis and at Granite City high school, Room 105.

LATE WINTER PLANS MADE BY JR. MAECENAS

At the first meeting of the year, the Junior Maecenas Society made plans for late winter plans in the home of Mrs. Rose Flaherty, 1615 Spring avenue.

Mrs. Frances Grotefendt, president, presided at the meeting. The main topic of discussion was a youth physical fitness program, and the society decided to provide tennis shoes for children of the area who are unable to obtain the shoes themselves.

Mrs. Kathleen Tadlock was appointed by Mrs. Grotefendt as chairman of the annual guest night, which is to be held in February. A decision was reached on how to distribute the funds among the charitable organizations, after a lengthy discussion.

The evening's mystery box was presented to Mrs. Doris Pekarik and a late dessert course was served by the hostess to Mrs. Pekarik, Mrs. Grotefendt, Mrs. Tadlock, Mrs. Dolores Yates, Mrs. Pat Shanta, Mrs. Jean Knox, Mrs. Betty Bickhouse, Mrs. Mary Lee Lurton, Mrs. Dorothy Brewer and Mrs. Catherine DeWitt.

The Feb. 14 meeting will be held in the home of Mrs. Jean Knox, 2968 Indiana avenue.

UPWA BOARD PLANS PROJECTS FOR YEAR

Mrs. Alta Stewart, newly-elected president of the United Presbyterian Women's Association of the Nameoki Presbyterian Church, presided at the first meeting of the executive board Tuesday evening.

The evening's devotion was given by Mrs. Lu Pyle on "Laboring with Our Hands." At the business meeting, retiring officers presented their reports and the new officers were seated.

Mrs. Violet Monahan, world service chairman, led a discussion on the possibility of making hospital gowns out of men's white shirts. The group also discussed the cancer bandage project and decided to continue the program in the same manner as last year. Mrs. Edith Simpson was appointed to investigate the hospital gown project and make a report at the regular association meeting.

The fellowship chairman, Mrs. Simpson, discussed plans for the coming year and reported that the present membership is 37, with 20 members in the evening circle and 17 in the afternoon circle.

Mrs. Louise Anderson, program chairman, gave a resume of the year's program plans and announced the showing of a film strip, "Living Lord," for the association meeting at the church at 7:30 p. m. Jan. 9.

The association will use the gospel of John for the study lessons and the circles will study, "In Him Was Life." Other studies will be used as needed in association programs. The meeting closed with group reading of "Beatitudes of a Leader."

Mrs. Stewart announced that the evening circle will meet Jan. 24 at the home of Mrs. Viole Jefferys, 1809 Bremen avenue and the afternoon circle with Mrs. Betty Flinn, 4748 Wade lock avenue.

Other executive board members attending were Mrs. Joe Kaseberg, Mrs. Frances Flint, Mrs. Louise Thompson, Mrs. Fern Mitchell and Mrs. Beatrice Pyle.

RETURNS TO SCHOOL

Alan Tharp, son of Mr. and Mrs. Ralph Tharp, 2333 St. Bernard avenue, returned to Northwestern University in Evanston, Ill., Tuesday after spending the holidays with his parents. The return trip was made by auto with the Tharps returning to their home Wednesday.

## Scout District Board To Plan For New Year

A "kickoff" meeting for the new year has been called by Gerald Walters, new Uniwah district chairman, for 6:30 p.m. Thursday, Jan. 12, at Cline's restaurant. Representatives of groups sponsoring scouting units will discuss 1961 goals and program features.

Uniwah scout commissioners will hold their first 1961 meeting at 7 o'clock tonight in the Sacred Heart school basement, and Quad-City troop leaders will gather at 7:30 p.m. next Wednesday, Jan. 11, at the St. Joseph's school basement.

## Stop Sign Charge

Lucille A. Tate, 33, of 2224 Adams street, was arrested early today at East 23rd street and Nameoki road by Granite City police, who charged her with failing to observe a stop sign. She posted her driver's license as bond for a hearing later today.

## Ending Funeral Grandfather

Mr. and Mrs. A. C. Crumbley and Mr. and Mrs. Albert Crumley and daughter, Kathy, left last night for Jasper, Ala., to attend the funeral of their grandfather, R. A. Crumbley.

The son, J. B. Crumbley, is a patient at St. Elizabeth Hospital and was unable to make the trip.

## Mishap On Bridge

No damage resulted from a mishap at 9:40 p.m. Tuesday when a car being driven across the McKinley Bridge by Sam Fredman, 56, of 3200 Nameoki road ran onto an unpaved railroad section of the bridge.

# Farm Column

By TRUMAN W. MAY
Madison County Farm Adviser

Treatment of corn fields with chemicals before planting to control soil insects has proved so beneficial that many farmers now make it a regular practice. Demonstrations we have conducted on Madison county farms for the past several years show that yields are consistently increased by controlling insects like corn rootworms, grape colaspis, white grubs, corn root aphids and others.

Now the newest thing in the use of soil insecticides is winter application. This method has been tested in 52 cornfields in different parts of the state by John H. Bigger of the Illinois Natural History Survey. Most of these tests were made with aldrin or heptachlor as granules or in mixed fertilizer.

Results of the tests last winter show that the winter applications of the granules or fertilizer mixes give insect control comparable to that obtained with spring broadcast applications. The rate of material used is 1½ to 2 pounds of the insecticide per acre.

Fall applications have not been satisfactory, but winter applications from mid-December to mid-March have been successful. They need not be disked in and normal handling of the field in the spring is sufficient. Applications can be made on snow, frozen ground or mud. Freezing and thawing apparently work the chemicals into the ground before spring weather comes. Applications should not be made on fields with moderate to severe slopes for fear of excessive loss by erosion. Either ground or aerial applicators may be used.

Early spring applications, March 15 to April 15, can be made, but should be disked in immediately and plowed later. Disking is necessary to prevent volatilization when temperatures go above 60 degrees.

Late spring applications, after April 15, should be made after plowing and [illegible] in right away. These dates are arbitrary, being based on the 60 degree temperature, so they may vary in some years according to temperatures.

Broadcast applications consistently give better insect control than row applications at planting time. The experimental work with the winter treatments was done by airplane, ground granule applicators and with the spreading of bulk fertilizer, all with equally good results.

ont nede 1

Winter application is probably of most value as a labor-saving practice, because it can be done in a slack season. It is not designed to replace spring treatments and farmers now using spring applications will probably continue.

With the present favorable hog prices, hog raisers are paying special attention to practices that will get newly-farrowed pigs off to a good start so they will make fast, profitable gains. One of these practices adopted by many hog men in recent years is the use of injectable iron with pigs raised in confinement.

Iron deficiency anemia is a common disease in farm animals, especially swine. This situation is common is baby pigs because of their immediate need of iron, the lack of iron in sow's milk and the fact that pigs in confinement, usually on concrete floors, do not have access to the normal source of iron, just ordinary dirt. Pigs raised on concrete with no iron supplement will show symptoms of anemia within a week to 10 days after birth and a significant decrease in growth by the end of three weeks. One injection of a liquid form of iron will usually provide baby pigs sufficent iron to prevent any anemia due to iron deficiency. Pigs receiving iron injections apparently have more resistance to diseases that often attack them, especially during the critical period of 2 to 4 weeks of age.

Soybean processing margins, the spread between the price of a bushel of soybeans and value of the oil and meal obtained from it, have been unusually narrow since the 1960 soybean harvest. In November 1960 this spread was 10 cents a bushel. This is below the cost of processing a bushel of soybeans. In November 1959 the spread was 16 cents. Often at harvest it is wider. Local soybean prices have increased substantially in the past month.

The current narrow spread between soybean prices and the value of the oil and meal has significance in the soybean price outlook. Much of our usual soybean price rise, from the harvest low to the high, is due to the narrowing of this spread. This year it appears that any substantial gains in soybean prices will have to be accompanied by higher prices of one or both of the products—oil or meal. Present prospects are that it will be in meal rather than oil.

Heavy marketings were a major cause of low corn prices during 1960 corn harvest. Market receipts of corn at the nation's 13 principal grain markets were almost one-half larger the last week of November than a year earlier. In the two-month period, Oct. 1 to Dec. 1, receipts of corn at these markets were up one-fifth over a year earlier.

The Soil Conservation Service men remind us that now is a good time for farmers and landowners to notify them if they are interested in developing plans for conservation practices on their land. During the winter when vegetation is dormant, the visibility is much better and surveys can be made more easily. If you are interested in controlling erosion on your land, notify the SCS office, located in the Farm Bureau building at Edwardsville.

Changes in fat content during the milking of a cow are quite variable, according to J. R. Schaffer, Maryland extension dairyman. Here's what he found in different portions of milking: First streams of milk 1.1 per cent fat, first quart 1.4, second quart 2.0, third quart 3.1 and the strippings tested 7.6 per cent. The composite test of all the milk was 3.3 per cent.

This is a reminder of the meeting at the Farm Bureau building at Edwardsville the afternoon of Tuesday, Jan. 3 to discuss farm income tax returns, social security regulations for farmers and farm record keeping. Everyone interested in any of these important subjects is invited.

Livestock gain best during the winter when they have plenty of clean, warm water, and dry, draft-free and dust-free housing.

LAMINATED WOOD ARCHES, towering 38 feet above the ground form the framework for the new church being erected in the 2300 block of Grand avenue for the First Assembly of God congregation. Workmen began this week to apply roof decking on the six arches. The church sanctuary, outlined by the wooden arches, will be 41 feet wide and about 100 feet long. The arches were set in place by crane. The work is being done by G. H. Sternberg & Co.

# Newsboys' Yule Gifts Range From $3 to $90

Press-Record newspaper carrier boys received gifts and tips ranging in value from $3 to $90 from patrons during the Christmas season, it was learned this week from Elmer Miller jr., co-owner of the Granite City News Co., distributors for the Press-Record.

Miller, whose company has a total of 120 newsboys for distribution of the Press-Record twice-weekly within the Quad-Cities area, said the gifts consisted of wearing apparel, treats and cash.

He said the top-gift getter was Jessie Wise, whose gifts were valued at $90. Wise has been carrier on a route along Grand avenue for three years and is a high school sophomore.

Roy Vaughn, whose route is Third street, Madison, was second high with $86. He is a senior and has been with the company for six years.

Richard Pilch, whose route is east of McCambridge avenue in Madison received gifts totaling $70. Pilch, who has nine years service as delivery boy, is a senior.

Other carrier totals are Tom Holtgrave, Iowa avenue route, $65; Jarrell Chapman, Adams streets, $60; David McElvoy, whose route is Seventh and Eighth streets, along Madison avenue in Madison, $55 and James Williams, Madison avenue route from 19th to 30th streets $50. These boys have at least three years service.

### Grass Fire

Sparks from a trash fire ignited grass in the rear yard of the Martin Dooley residence, 1640 Spring avenue, about 1:25 p.m. Tuesday. Nameoki road station firemen went to the scene and put out the fire, which caused no damage.

By 1965 aluminum is expected to be used in home building at an annual rate of 1¼ billion pounds, more than double last year's use.

HELEN LAMBERT CIRCLE MEETS

The Helen Lambert circle of Calvary Baptist Church held its January meeting in the home of Mrs. Newman Stafford, 2805 Wayne avenue Tuesday, with eight members present.

The program, entitled "Facing the Alcoholic Problem," was presented by Mrs. Ruth Moser, Mrs. Ruth Hancock, Mrs. Roslee Jones and Mrs. Bernice Snider. Scripture readings were given by Mr. Audrey Brady, Mrs. Hancock and Mrs. Viola Sexton, followed with prayer by Mrs. Sexton.

Plans were made for the circle to make a scrapbook for a shut-in member as a mission project for the month. The next meeting will be held Feb. 7 in the home of Mrs. Brady, 2736 Birch avenue.

The hostess was assisted by Mrs. Jones in serving refreshments to the circle.

### Accident On Lot

Autos, both being backed out of spaces on the American Steel Foundries parking lot, collided yesterday afternoon. According to the police report, there was damage to the left rear of the auto of Raymond Delle, 46, of St. Louis and to the right rear of the auto of William Lee, 1952 Joy avenue.

### Fines Total $85 On Five Charges

Fines and court costs totaling $85 were imposed Tuesday on Wayne Sherlock, 20, of 2703 Kirkpatrick Homes, who was arrested Monday evening in the 1800 block of Delmar on police charges of drunkenness, disorderly conduct and improper parking of a motor vehicle. Additional charges of assault and battery and destruction of property—a coat sleeve—were filed against him Tuesday by Peter Vlerjis of the Granite City Engineer Depot.

Sherlock pleaded guilty to all charges before Police Magistrate Gasparovic. The fines were $10 and costs for drunkenness, $10 and costs for assault and battery, $10 and costs for destruction of property, $25 and costs for disorderly conduct and $5 and costs for the parking violation.

### Garbage Can Vandals To Report To Chief

Answering a disturbance call to the 3000 block of Wayne avenue about 9:45 p.m. Wednesday, Granite City police found a resident of the block had caught a youth who had been overturning garbage cans.

Names of other youths were obtained, and parents were notified to have their youngsters report to the office of the police chief after school today.

Lehigh and Colgate will return to the Harvard football schedule in 1961. They will replace Holy Cross and Massachusetts.

**NEW WELDING SHOP at Granite** City high school, placed in use for the first time Tuesday, is shown being inspected by four students, (left to right) George Smith, Alfred Phipps, Norman Smith and Harold Smallie. They are pictured at a booth designed for electric welding. The newly-completed room contains 10 arc and two heli-arc booths. The shop will be used for daytime classes taught by Gordon Galbreath and adult evening instruction by James Harris and Oel Blumenstock.

## NEWS FOR FOOD SHOPPERS

FROM THE FOOD MARKETING OFFICE,
8001 Natural Bridge, Room 132, St. Louis 21, Mo.
A Consumer Information Service of the U. of Mo.

**Meals prepared ahead of time, ready to cook or heat in short order, are especially welcome as the New Year arrives.**

### Soups Gain Importance At This Time

Cold weather—hot food. What could be nicer on a wintry night. And how welcome is the sight of great curling puffs of steaming hot soup.

A pantry well stocked with a variety of canned soups means a meal or a soup drink for guests at a moments notice. Take a look at the many tasty soups and chowders on the grocery shelves and frozen food counters. Think of the dozens of "soup-erb" possibilities. Your favorite specialty may be a can of frozen cream of potato soup—plus some diced chicken and a sprinkle of parsley. Or you may like to match tomato soup with beef noodle for a tempting bowlful. Mix and match the soups to suit your taste.

The Soupmate Float pictured is made quickly by combining two cans condensed Beef Broth and two cans Cream of Chicken Soup plus three soup cans of water—with whip cream topping. The meat loaf with Golden Sauce may be prepared and refrigerated, ready to put into the oven when needed.

### Meat Loaf with Golden Sauce

One pound ground ham
One pound ground lean, fresh pork
Two cups soft bread crumbs
One-third cup canned pineapple juice
Two eggs
One-half cup chopped onion
One-fourth cup brown sugar
Two tablespoons chipped parsley
Two tablespoons cider vinegar
One-fourth teaspoon ground cloves

Combine ingredients in large bowl, mixing thoroughly with fork. Pack into loaf pan 9x5x2½ inches. Bake in moderate oven (350° F) 1½ hours. Makes 8 servings.

### Golden Sauce

Two cups canned pineapple juice
Three tablespoons cornstarch
Two tablespoons brown sugar
Two teaspoons lemon juice
One-fourth to one-half teaspoon ground ginger

Blend ingredients in saucepan; bring slowly to boil, stirring constantly, until mixture thickens and clears; pour over hot baked meat loaf.

## Double Trouble For 2-Car Couple

A two-car family ran into double trouble this week when both vehicles ran out of gasoline and stalled. Reports of abandoned autos caused Granite City and Venice police to compare notes yesterday, and they obtained promises from Larry Miller, 2314 Edison avenue, to remove both vehicles.

Miller related that his wife had been driving in the 2600 block of Benton street when their 1950 auto stalled, prompting her to park it there three or four days ago. With him driving, their 1958 car consumed all its fuel and was left in the 1200 block of Market street, Venice, for about two days.

mayor include Sinbad Kasparian, 1823 Benton street, a newcomer; Mayor Davis, who is seeking a fourth term; Fourth Ward Alderman Donald W. Partney, 2215 Dewey avenue, whose aldermanic term has two years to run; Ernest (Pat) Rich, 2101 Waterman avenue, who has been in the mayor race before against Davis; Charles W. Moerlien, who was mayor before Davis and has run against him since leaving office in 1949; and Supt. of Streets William Warfield, whose term also has two years yet to go.

**4 For City Treasurer**

The city treasurer post is being sought by Dale Higgins, 2023 Iowa street; Maurice U. Darner, 1534a Niedringhaus avenue; Robert T. McCormick, 3132 Aubrey avenue, and Thomas Griffith, 2410 Grand avenue.

Possible entries in the police magistrate race are Obie H. "Joe" Beasley, 2887 Indiana avenue, and incumbent Andrew Gasparovic jr. The city council is expected to set a salary for the magistrate post which is to be removed from a fee basis with the election in April.

**5 Assessor Aspirants**

In the township election, the post of tax assessor appears to be the most coveted. Planning to oppose incumbent Von Dee Cruse are Frank Lakatos, 2941 Pershing, Raymond Barr, 4 Terrace lane; John Lakin, 3031 Edgewood avenue, and possibly Ex-Mayor Charles W. Moerlien.

Those with petitions for assistant supervisor posts are John B. Moss, 2012 Omaha street, Incumbent Homer (Cal) Pendleton, 2421a State street, Cy Walker, 2261 Woodlawn avenue; Park Commissioner Milton R. Allen, 2716 Madison avenue, and Carl H. Roach, 2640 Edison avenue.

**2 Women With Petitions**

At least two women will be seeking aldermanic posts.

Alderwoman Mrs. Gabrielle Bethec, 2814 Madison avenue, has petitions to run for re-election in the Seventh Ward, and will be opposed by a former Seventh Ward Alderman, Edward Hufnert, 2413 Grand avenue, and David Hammond, 2413 Iowa street.

The other is Mrs. Virginia O'Rear, 2010 Thirteenth street, who plans to run in the First Ward, where the post is to be left vacant by Frank Nemeth. Mrs. O'Bear will be in a race with seven other candidates — John B. Moss, 2012 Omaha street; Joseph A. Mitzel, 2021 Washington avenue; Anton Burich, 1424 Grand avenue; Joseph Cuver, 2416 East 20th street; Simion Blada, 2058 Fourteenth street; John Milosevich, 2024 Fourteenth street, and William Dallas, 1810 Omaha street.

In the Second Ward, incumbent Robert O. Gaughan, 2108 Edwards street, as yet has no one circulating petitions opposing him.

**Other Aldermanic Candidates**

In the Third Ward, incumbent Arthur Wiezer, 2015 Delmar, and Homer Brown, 2148 Benton street, are circulating petitions; while in the Fourth Ward, incumbent Paul Rutledge, 2527 Dewey avenue, may expect competition from J. B. Crumbley, 2459 Cleveland blvd.; John C. White, 2311 Logan street, and a former alderman, Theodore (Ted) Pfroender, 2434 Cleveland blvd.

Fifth Ward alderman office seekers are the incumbent, Steve Basarich, 1720 Poplar street, and Amirik Kachigian, 715 Niedringhaus avenue.

Incumbent Sixth Ward Alderman Casmer Skubish, 2701 Lincoln avenue, may be opposed by Eldon R. Voss, 2814 Dogwood avenue; and in the Eighth Ward, incumbent Emerald E. Dawes, 17 Terrace lane, is circulating petitions along with Ford G. Johnson, 2501 Lynch avenue and M. G. (Mike) Reinhardt, 2250 Garfield avenue, who at present is a township justice of the peace.

The filing period opens next Monday, Jan. 9, at 8 a.m., when Clerk Stevens opens his office at the city hall. It will continue through Feb. 13, and then those who have filed will be given five days to determine if they want to withdraw from the ballot.

## Gunshot Victim Still Refuses To Talk

Noel "Tunney" Reed, who was shot four times on a tavern parking lot New Year's Eve, steadfastly refuses to identify his assailant, believed to be a relative, it was learned yesterday from Deputy Sheriff William Thompson.

The deputy said he talked to Reed at St. Elizabeth Hospital and the gunshot victim "absolutely refused to discuss the shooting."

"He told me," Deputy Thompson said, "that he didn't know who shot him, where it happened, when it happened or how it happened, and even if we did find out, he wouldn't prosecute."

Thompson said the matter probably would be dropped by the county. "We can't do much if the victim is reluctant," he added.

The sheriff's office report shows the shooting occurred on the parking lot of Joseph Lesko's tavern, 608 McCambridge avenue, immediately outside the Madison city limits.

Reed was shot twice in the groin and in the left elbow and right hip. Authorities have been unable to ascertain how he got to St. Elizabeth Hospital. His condition is described as "good."

The tavern proprietor said Reed and a relative were in the tavern, and when they began to argue, he ordered them outside. It was a short time later he heard three or four shots.

## Street Dept. Employee Suffers Severe Dogbite

A Venice street department employee suffered a severe dogbite on the right leg yesterday afternoon when attacked by a dog tied in a yard in the 200 block of Hampden avenue. The dog is to be kept under observation.

Ralph Fisher, 900 Third street, was preparing to shovel cinders and decided to warn a family which had newly-washed clothing hanging nearby. He did not notice the dog until after entering the yard. Given emergency treatment, he was back at work today.

## Assessment Petitions Drawing Public Favor

Petitions, currently being circulated in Granite City township to test public sentiment on recently adopted assesor resolutions aimed at bringing about changes in tax assessment laws, are being met with favorable reaction, Von Dee Cruse, Granite City assesor, said today.

The resolutions urge elimination of household furnishings tax assessment and doing away with real estate and personal property taxes for persons over 65 years of age who have valuations of less than $3500.

A six-man assessor committee, of which Cruse is a member, will meet with local district legislators some time this week to discuss the issues.

Success of the petitions will be a strong factor in getting local district lawmakers to draft a bill and put it on the Assembly floor for passage, Cruse said.

He said, to date, petitions have been placed in some business places and that other distribution will be made to others.

Petitions at present are at the Alright Cleaners, 209 Madison avenue; Grand Cleaners, 2267 Grand avenue, and at Fahnster Tire and Supply, 2800 Nameoki avenue.

Sometime next week the Granite City Civic League will have some 300 petitions available. Some will be put in business places; some will be taken door-to-door and others will be at locations to be designated by the group later this week.

Also, a television repair organization will seek signatures when members of their group are called to homes.

In an effort to gauge early reaction, Cruse said he had a man seeking signatures on petitions Thesday and Wednesday in a Kirkpatrick Homes "test area."

The petitions were greeted with enthusiastic response and more than 200 signatures were obtained in the two-day period.

Success of the sampling led Cruse to say that the petitions will be greeted similarly through out the township.

The household furnishings measure is cited by county officials as being inequitable, unfair and costly to enforce, since many taxpayers who own no real estate property decline to pay the tax.

The exemption resolution is pointed toward relieving tax burdens of retired persons, whose incomes are limited.

## $10,572 Lunch, Milk Aid To Local Schools

An annual distribution of $41,024 in state school lunch and special milk funds was announced today by County School Supt. Wilbur R. L. Trimpe. Of the total, $9312 went to the three local school districts and $1260 to local parochial schools for a Quad-City total of $10,572.

A breakdown shows that the $41,024 county total included $21,057 in school lunch aid and $19,967 in special milk funds distributed by the state. The $10,572 local figure includes $3899 lunch and $4682 milk aid.

Quad-City public school receipts of $9312 consist of $7364 to the Granite City community unit district ($4217 lunch and $3147 milk); $1493 to Madison public schools ($779 and $719); and $453 to the Venice district ($265 and $188).

A listing of local parochial school payments of $1260 shows $731 to Sacred Heart in Granite City ($174 and $138); and $216 to St. Mary's of Madison ($153 and $62). St. Joseph's and St. Mark's schools do not operate cafeterias.

## 40-Foot Chain Stolen

Theft of a 40-chain off a private parking lot at 1819 State State street was reported last night to Granite City police by John Petish, 3257 Carlson avenue. He said the theft occurred Tuesday night.

## Tools Taken From Garage

Matt Kromraj, 2215 Grand avenue, reported to Granite City police Wednesday morning that an electric drill and assortment of hand tools were stolen from his garage Tuesday night. There was no sign of a forced entry.

White marble was used on te face of the shaft of the Washington Monument.

Proud Richmond is the hub of a Magic Circle auto tour to the heart of America's historyland. The State Capitol holds the priceless—and only—statue of George Washington done from life. Other treasures are the White House of the Confederacy, Monument Avenue and its statues of war heroes, the John Marshall House, and St. John's Church, where Patrick Henry fanned the flame of independence with "Give me liberty or give me death."

The route leads to Colonial Williamsburg, the marvelous restoration of an entire 18th Century community. Everything is thrillingly alive and perfect: the imposing Capitol, Governor's Palace and Gardens, taverns, lovely homes, public gaol. The stately campus of the College of William and Mary, founded in 1693, is a showplace.

Colonial Parkway takes you to Jamestown, site of the first permanent English settlement in America and the restored battlefields of Yorktown, where Cornwallis surrendered to Washington to end the Revolution.

Other highlights: a pleasant drive through rural Virginia, where peanuts and corn are grown; the meat packing center of Smithfield; the lovely 1632 St. Luke's Church; the vast Naval Base and Air Station at Norfolk and the resort city of Virginia Beach, famous coastal playground.

## 41 Leaders Plan Cub Pack February Events

A record crowd of 41 cub leaders from 15 packs in the Uniwah Boy Scout district met Tuesday night at St. Elizabeth Catholic Church for their January roundtable. The February theme was discussed, with Verl Lewis demonstrating items that

can be made with materials to be distributed to cubs.

William Passig led cub songs and Leo Kalips discussed means of holding successful February "blue and gold" banquets in pot luck style. A film, "The Scout Trail," was shown and the ladies present were taught craft work by Mrs. Margaret Vrenick.

President Eisenhower streamers, recognizing individual achievements by at least half of the scouts in a unit, were awarded to Packs 17 of Marshall school, 19 of Washington school, 23 of Stallings school, 44 of the Bethel AME Church and 96 of Maryville school.

Fall recruiter pins went to the cubmasters of Packs 17, 19, 20, 23 and 90 for net increases of at least eight boys each since Sept. 1, and calendars and program quarterlies were given out. Refreshments were served by leaders of the host unit, Pack 13.

Sherman (Roadblock) Jones, rookie with the San Francisco Giants, won all 10 decisions as a relief pitcher with Tacoma in the Pacific Coast League last season.

## Superintendent's Son Suffers Skull Fracture

Ronald Pier, 11-year-old son of Venice Supt. of Schools and Mrs. John O. Pier of 707 Broadway, suffered a skull fracture about 4:30 p.m. Tuesday when he fell and struck his head in the old gymnasium of the Venice school building.

He was taken immediately to St. Elizabeth Hospital, where x-rays showed a skull fracture. The boy, a sixth grade student in the Venice schools, had just completed band practice and was preparing to go to his home when he fell.

The family said yesterday afternoon that he will remain at St. Elizabeth Hospital for further treatment and observation, and that a specialist will be called in if necessary.

## Tall Bethalto Team Squeaks By Venice Grade Cagers, 31-29

The junior-size Red Devils of Venice grade school, greatly improved since the opening game back in November, lost a squeaker to a tall Bethalto team 31-29 Tuesday on the home court.

The teams played on near even term throughout the contest, but the loss of three starters via the personal foul route in the closing minutes left Roger Davis' team without rebounding support.

The loss was the sixth straight conference setback for Venice.

Donald Coggins led his mates with eight points, Richard Essington had seven, Dale Griffin six and William Getz two.

In earlier play, the Venice "B" team rolled to a 26-20 win. Jerry Bartlett was high scorer with seven points.

Davis' cagers will meet St. Mark's of Venice tonight on the public school court. The St. Mark five, which plays all its home games at the gymnasium, will be host team.

## Schlitz Tackles League-Leading Falstaff Saturday

After a two-week layoff, the Southern Illinois Bowling Proprietors Association Classic league resumes activity Saturday with four matches at the Plaza Bowl in Belleville, beginning at 7 p.m.

Falstaff Beer of Alton, the defending league champion currently leading second-place Revere Room of Collinsville by 2½ games, risks that margin against Bowland Schlitz, 5½ games behind the leaders and in third place.

In other matches at Plaza, Revere Room meets Black Label Beer of Belleville, Rusty's of Wood River shoots against Lohman's Bowlers Shop of East St. Louis and Ripley Pins of O'Fallon battles Pepsi-Cola of East Alton.

The Falstaffs own the loop's high team average of 977 pins.

## Collinsville Retains Top Spot In State

The importance of top performances in holiday tournaments was borne out this week in the state ranking of Illinois prep basketball teams.

Collinsville's Kahoks remained in first place in the third weekly poll, and did it with convincing wins at their own tournament and at the East St. Louis holiday affair.

East Rockford, undefeated in 10 starts, held onto the runner-up spot although it was not active in a tournament. But Centralia, eight in last week's poll, valuted into third position on the strength of a championship trophy taken during its own 16-team holiday tournament.

Fourth was Clinton, like Collinsville and East Rockford the holder of a perfect 10-0 record. Clinton was ranked 12th last week.

The only other undefeated teams to crash the top 16 are Bridgeport (9-0) which remained in the ninth position, and Prospect, whose 13-0 mark is currently the best in the state. The Chicago area team moved up one notch this week, from sixth to fifth.

**Losses Lower Ratings**

Losses in holiday tournaments sent the fortunes of Pinckneyville and defending state champion Chicago Marshall plummeting, although both remained in the top 16.

Marshall fell from third to 11th; the Pincks, beaten twice at Centralia, slipped from fifth spot to 12th. The only new face among the top 16 teams was Chicago Carver, ranked 13th with a 12-1 record, conqueror of Marshall in tournament play.

Belleville was the only other area team besides Collinsville to receive consideration by the pollsters this week, but did not draw enough support to join the 16 top-ranked high school squads.

and Ray Orf of the squad is the individual average leader with a 208 mark for 27 games.

Clancy Mueller of Ripley Pins trails Orf with 203, Jim Vrenick of Bowland Schlitz is hitting a 202 clip and Elmer Maki of Black Label rounds out the top quartet with a 201 average.

The standings and team averages:

Falstaff 31½-16½, 977; Revere Room 29-19, 969; Bowland Schlitz 26½-21½, 966; Rusty's 25-23, 955; Black Label 24-24, 975; Ripley Pins 23-25, 971; Lohman's 19½-28½, 949; Pepsi-Cola 13½-34½, 940.

## Braves Above .500 After 49-29 Win At Cahokia Tuesday

Coach John Toncoff's Coolidge junior high school ninth graders began the 1961 portion of their basketball schedule on the right foot Tuesday, raising their winning percentage above the .500 mark for the first time with a 49-29 victory over Cahokia JHS on the losers' floor.

Ahead by five after one quarter, the Braves spurted to a 28-12 halftime lead and gradually increased it to 20 points in the final quarters.

Jim Proffitt scored 13 and Ron Yates nine for Coolidge. Stein and Yarborough each counted eight points for Cahokia. Now 4-3, the Braves host tough Collinsville next Tuesday at 4 p.m.

## Hot-Shooting Hearts Topple Southwest Kiwanis, 61-45

A hot-shooting second half during which they scored 39 points helped Sacred Heart parochial school hand the Southwest Kiwanis basketball team from St. Louis a 61-45 defeat Tuesday night at the Sacred Heart gym.

Coach Frank Bautsch's club improved its record to 13-1 with the win, while the Kiwanians were absorbing only their second loss in 20 games this season. Sacred Heart now has won 10 straight.

Giving away height, Sacred Heart stayed close during the first half, trailing the visitors 22-24 at intermission. But Kiwanis got into foul trouble early in the second half and Sacred Heart began to hit consistently. "Everything we threw up there was going in," Bautsch said.

By the three-quarter mark Sacred Heart was in command, 42-34. Joe Hauptman led the winners with 19 points, Bill Moran had 15 and Vince Debevc 14. Bob Niemeyer paced Southwest with 17 counters. The teams have scheduled a second game at the Croatian school in St. Louis for Feb. 28.

Sacred Heart's JV team squeaked by Wolfe Construction in a preliminary game, 29-28, after leading 15-7 at halftime.

## Role of Citizens Topic Of Civic League Head

Dr. Leo Coleman, Granite City dentist and president of the Civic League, reviewed citizen's duties in taking part in the political life of their community while addressing Granite City Rotarians Tuesday.

He cited advantages of the managerial form of city government and outlined the Civic League's non-partisan approach toward municipal governmental policies. The speaker was introduced by Christ Pashoff, program chairman.

# GC Adult Education Program Ranks High In State; New Classes To Begin Jan. 16

While the "practical" is a controlling factor and the overall program is geared to accommodate a highly industrialized community, the cultural and artistic are not over looked in Granite City's adult education night school courses.

It is an admixture of vocational, industrial and adult tutorship and training, tangenting out in such diverse subjects as oil painting, industrial mathematics, dress designing, gas, electric and are welding and advanced triangulation for structural workers.

This infusion of the utilitarian with the aesthetic will once again serve workers, housewives, clerical personnel, artisans, mechanics and apprentices when the '61 winter term gets underway on Monday, Jan. 16.

And, according to M. A. Wittevrongel, director of adult education and administrative assistant to Supt. Harold M. Kaiser, the enrollment should be a strong 1146. This is in the neighborhood of 400 more than took the courses during the fall semester, now ended.

**Second Largest**

Parenthetically, he noted, Granite City ranks second among all Illinois communities, outside of Chicago, in its trades and industrial education enrollments.

Registration for the new term will be next week, Monday through Thursday, Jan. 9-12, at the adult education office in the Granite City high school. Hours for registrations have been set daily from 8:30 a.m. to 4:30 p.m. and continuing from 6 p.m. to 9 p.m.

Eligible to sign up for courses, Director Wittevrongel made clear, "are all whose high school class has been graduated or who are 21 years of age or older."

Courses vary in length from 12 to 16 weeks, and the curriculum will include, among offerings not already noted, blueprint reading, electronics, elementary and advanced courses in radio and television, typing, beginning, intermediate and advanced stenography, comptometry, bookkeeping, driver training, ceramics, free hand drawing, machine shop techniques and industrial drawing.

Currently, the school district is negotiating with a "high style" expert dress designer to take over a class, which will have a limited enrollment. Those who will be accepted, if the plans materialize, are those with advanced skills in dressmaking, design and fashioning of the newest in milady's gowns.

Costs to residents of the school district are less than 20 cents per hour of instruction. Non-residents are assessed an additional fee. The faculty is recruited from industrial, commercial, business, trades and education-al circles not only of the Quad-Cities but Collinsville, Alton, East St. Louis and St. Louis.

**Faculty Of 43**

The new term's faculty will number 43, each a skilled technician or specialist in his or her particular field, Wittevrongel emphasized.

"The curriculum, in the main, is intended to provide apprenticeship training to afford technicians opportunity to keep abreast with new innovations and methods and, in general, to upgrade industrial education and clerical skills.

"Further," the director made clear, "we hope to gauge the courses to permit the student to qualify for a high school degree on a quantitative basis."

Wittevrongel sees a need to courses designed to elicit the interests of the senior citizen, such as hobby and crafts programs. These may later be made a part of the curriculum, he hopes.

He had interesting data on the age levels of those who were enrolled during the fall semester.

**Most In 25-40 Age Group**

Of the total of 746, those between 18 to 25 represented 38% of the whole. Students falling within the 25 to 40 age bracket made up 51% of the total, and 16% were over 40.

Their schooling and academic backgrounds, among those reporting on this score, was a revealing picture of the diversity of previous education of the enrollees.

In the 18 to 25 age groupings there were five who had completed the 8th grade; 24 who ended their schooling at the 10th grade, 118 who had graduated from high school; 19 who had some collegiate training; and two who held university degrees.

Of the 279 whose ages came in the 25 to 40 category, 30 had 8th grade schooling or less, 31 tenth grade, 157 had finished high school, 11 had gone to college and eight were graduates of an institution of higher learning.

For those past 40, the statistical table showed 17 with an 8th grade education or less, 47 who had completed high school, one who had some collegiate training and two with collegiate degrees.

In no wise new to Granite City or its citizens, the adult education program has evolved and developed as an integral part of the self-help and self-betterment pattern here.

## Steps Taken For Zoning Hearing In Near Future

A public hearing will scheduled in the near future in preparation to drafting zoning regulations in unincorporated township areas, Harry Briggs, Nameoki township supervisor said this week.

No date was set for the hearing, which will be called to explain land uses in future residential, commercial, and industrial construction, building of new roads and soil conservation.

Briggs, along with Venice Supervisor Arthur Moore and Chouteau Supervisor Joseph Troeckler met recently with a zoning engineer at Edwardsville to review land-use maps.

# Christmas Is Saturday For Orthodox Parishes

For Quad-Cityans who worship at Eastern Orthodox churches and in religious observances adhering to the old Julian calendar, Christmas or St. Nicholas Day will be celebrated Saturday.

For the orthodox parishes Jan. 1 will be but a date on the calendar. It is not until Jan. 13 that the New Year — which also will be 1961 — will be ushered in.

The time lapse goes far back in history and in church annals.

Adhering to the Julian calendar in observance of feast and festival days are parishioners of Madison's Eastern Orthodox Church of the Nativity of the Virgin Mary (Russian communion) and the Holy Trinity Bulgarian Eastern Orthodox Church.

**13 Days Apart**

The Gregorian calendar, used by western Christendom, is 13 ahead of the Julian in that dates fall 13 days apart. That is, while western Christendom celebrates Christ's Nativity on Dec. 25, this holy day on orthodox calendars falls on Jan. 7.

A like span of days separates the New Year's observances. The annular date remains the same. This is not true, however, as regards the Jewish orthodox calendar.

While most of the orthodox communions follow the Julian calendar, the "reformed" Greek and Rumanian parishes of the area have adopted the Gregorian system of date keeping.

**Preparations This Week**

For the two local area congregations for whom Christmas comes Saturday, many preparations are underway this week. There are vigils, fasting and services, culminating in the glorious feting of the Nativity.

Especially at matins service, canticles from the Christmas canon and the reverence paid to Old Testament saints are these days of import to the orthodox. A rule of fast applies, which requires only wheat to be used in dishes or, as a substitute boiled rice with honey and raisins (kutya).

Presents are exchanged, as are the greetings of the season.

Five good reasons
...for good kitchen lighting!
If you have to peer when you slice a pickle, things can be downright dangerous. But don't worry. Not your eyesight, but your kitchen lighting may be at fault. A properly shaded 150-watt bulb or the equivalent for the main light, plus adequate light in modern glare-free fixtures at strategic working areas, can make kitchen life a carefree job. See your electrical contractor about good lighting over each work area in your kitchen. The cost will probably be less than you think. ILLINOIS POWER COMPANY

# Concert 'Goes On' In Face Of Illness; Marsh Excels

In accord with the long-standing stage tradition that "the show must go on," Tri-City Community Concert subscribers Tuesday night heard a piano concert—and a memorable, brilliantly executed one — although the scheduled artist failed to perform.

Miss Olegna Fuschi, young California-born pianist who was to have presented the second in the 1960-61 series at the Granite City high school auditorium was ill, and was obliged to cancel her appearance.

As a replacement, but in no wise a second-choice substitution, there was Ozan Marsh, concert pianist and keyboard instructor at Lindenwood college, St. Charles, Mo. His artistry won the plaudits of the concertgoers in a program of the works of Chopin and Liszt.

Arrangements to bring Mr. Marsh to the auditorium stage were completed but three hours prior to concert time by Robert D. Todoroff, president of the Community Concert association.

Todoroff said that due to the Missouri pianist's heavy concert commitments, he would have otherwise been unobtainable as a series performer, but consented to appear when advised of the illness of his concert colleague.

Mr. Marsh's concert work included a 110-performance schedule last year, in addition to his teaching duties. He teaches piano at Chautauqua Summer camp and in March will appear as guest soloist with the New York Philharmonic orchestra. Additionally, he is a recording artist of high rank and is widely known in the world of his instrument.

**Review By Miss Maylath**

The following review-critique of Mr. Marsh's Tuesday night performance is by Miss Elsie E. Maylath, music instructor at Prather junior high school:

Mr. Marsh displayed an intelligence, sensitivity and expertness indicative of a great talent in his Tuesday night performance. He chose to play an all Chopin and Liszt program in honor of the 150th anniversary of the birthdates of both Frederic Chopin and Franz Liszt.

The artist's absorption in the music was evident in his first offering, five selections from the "Etudes, Opus 25" of Chopin. Etudes usually furnish technical difficulties of some description, and Chopin's 27 etudes are no exception. However, they represent, too, melodious studies in touch, fingertechnique, rhythm, pedaling, etc.

Mr. Marsh began with "Opus 25, No. 7," sub-titled "Cello Etude," the most complicated and therefore the most difficult among all the studies in touch. He continued with the "Opus 25, No. 6," the celebrated "Study in Thirds." Then, in the famous "Opus 25, No. 1," or "Harp Study," the pianist well maintained the required legato and in the following "Opus 25, No. 2," the extreme smoothness and evenness requisite in the etude were readily apparent. He concluded the set with the No. 12, "Ocean Etude." The audience and this reviewer strongly felt the mastery demonstrated in the artists's performance of the suite — both intellectually and technically.

The second group were three Chopin mazurkas. The mazurkas or native dances of Poland were elevated from the crude forms practiced by the peasants into beautiful and sensitive works worthy of performance on the concert stage.

These delicate works, which are slower than waltzes, are distinguished by a moderate triple meter with the accent placed on the second and third beats. The first one presented was written in the key of B minor, the second in C major, and the third, in A minor.

A perceptive performance on Mr. Marsh's part was evident throughout the works, and he acknowledged the outburst of applause of his concert audience.

The "replacement" pianist continued his program with a fine performance of the very dramatic composition, "Funerailles," by Liszt. According to one theory, this eloquent piece was prompted by the death in 1849 of Chopin. Mr. Marsh brilliantly projected the music as Liszt must have envisioned it, and the audience was held spellbound.

The ballade is a term associated primarily with poetry, and Chopin's four "Ballades for Piano" are indeed poetry, and of the very highest order. Mr. Marsh wisely chose a s his next offering the "Ballade No. 1 in G Minor," in which the mastership of form and beauty and poetry of content are so necessary in the performance of ballades were present.

In his rendition of Liszt's "Dante Phantasia," which brought the program to a close, the pianist proved himself a virtuoso of the highest order. He displayed a thundering bravura and a show of crackling pyrotechnics illuminated by strongly personal feeling, suggestive of Franz Liszt himself. The brilliant and assertive passages all over the piano showed a tremendous facility on Mr. Marsh's part.

For an encore, he selected the well - known and well - liked "Waltz in C Sharp Minor," by Chopin.

## DeMolay Mothers Install Officers

The following officers for the coming season were installed Tuesday evening at a meeting of the DeMolay Mother's Circle: Mrs. Lucille Lipe, president; Mrs. Alberta Walker, vice-president; Mrs. Marabeth McConnell, secretary; Mrs. Belva Hiscott, treasurer; and Mrs. Maxine Butler, chaplain.

Mrs. Pauline Sentiff, the retiring president, conducted the business of the group and the latter part of the evening was devoted to games with prizes going to the winners.

Refreshments were served by a committee consisting of Mrs. Sentiff, Mrs. Lucille Webb and Mrs. Evelyn Maxwell to 15 members of the circle and 80 DeMolay's.

NATIVE CHILDREN, being assembled for a photo, heed the instructions of Joe Huang, graduate student who aided Dr. Howard Long, right, in preparation of his pictorial book on Formosa. This picture, used as the signature photograph of Dr. Long's book which will be published next month, is typicdl of the way the children of Formosa would gather wherever he went.

## Author, Critic To Talk At SIU Branches

Wallace Fowlie, literary critic and author, will lecture on "Piccasso's Paris" at Southern Illinois University branches in Alton and East St. Louis on Jan. 11.

Fowlie is author of more than a dozen books on literary criticism as well as three books of poetry, a novel and numerous essays, and is listed in 20th Century Authors and Who's Who.

He is the official translator of St. John Perse, Nobel Award winner for 1960, French poet now living in the U. S.

In Alton, Prof. Fowlie will speak at 3 p. m. in the Science building on College avenue, and in East St. Louis his talk will be at 8 p. m. at the SIU auditorium, Tenth and Ohio streets. Both lectures are open to the public without charge.

## Former Resident Dies In Glendale, Calif.

Elzear F. Duval, a long-time Granite City resident, died Tuesday at Glendale, Calif., apparently of a heart attack.

He has been a Glendale resident for the past four years.

Survivors include his wife, Amelia, of Glendale; one daughter, Mrs. Sherwood Hicks, Preston; two sisters, Miss Irene Duval, Springfield, and Mrs. Grace Dickey, Collinsville; and one brother, Herbert Duval, Montclair, N. J.

One brother, Lawrence, preceded him in death.

## Autos Collide

Involved in an accident Tuesday afternoon at 17th street and Grand avenue were autos driven by Gerald Jackson, 32, of 3029 Ash avenue, who was traveling north on Grand avenue, and Gilbert M. Sykes, 36, of 2666 Lincoln avenue, who was driving east on 17th street. No injuries were reported.

## Collapses At Home

Mrs. Rose Kuhn, 55, of 1311a Nineteenth street, was taken by ambulance to St. Elizabeth Hospital at 1:30 p.m. Monday after she had collapsed at her home. She was admitted for treatment of a previous illness.

## Polish Lodge To Install

The Polish Roman Catholic Union, St. Stanislaus Lodge 1004, will install officers at 1:30 p.m. Sunday at the Polish Home, 826 Greenwood street, Madison. President-elect is Frank Mulnik.

## City Bills, Half-Month Salaries Total $42,022

City bills and half-month salaries approved Tuesday night by Granite City council members totaled $42,022, of which $34,075 was the payroll for the first half of January and $7947 was current bills and allowances.

Aldermanic expense allowances of $30 each were approved for Alderwoman Mrs. Gabrielle Betinec, Robert Gaughan and Paul Rutledge. An allowance of $50 for Civil Defense Director George Schumacher also was authorized.

Included on the bill list were payments of $3320 to the Illinois Municipal Retirement fund, $1184 for fuel and maintenance of city vehicles and equipment, $1188 monthly rental charge for 324 fire hydrants, $1176 for electricity, including $891 for street lights and $12 for outdoor lights at the city dog pound construction site. A food bill of $39 for construction workers at the dog pound also was approved.

## GC Township Bills of $1160 Ok'd By Solons

Township bills totaling $1160 were approved Tuesday night by Granite City council members in their capacit yas th etown board of auditors. Of the total, $963 was for town purposes and $197 for relief.

The relief disbursements were: $313 for food, $7 for medical care, $12 for clothing, $68 for room and board, $48 for utilities, $75 for office rent, $21 for typewriter service and $407 half-month salaries for three office workers.

Town fund disbursements included $600 for half-month salaries of three officials, $60 for monthly office expense allowances for three justices of the peace, and the following expenses for the assessor's office: $75 for office rent, $180 for a deputy assessor, $18 for paint, $21 for adding machine service and $9 for miscellaneous supplies.

## Residence Rezoned For Physician Office

An amendment to the city's zoning ordinance, changing the classification of a tract at 3727 Nameoki road, owned by Jesse and Leona Browning, from R-2 residential to C-1 commercial, was approved Tuesday night by Granite City council members.

The zoning change request by the Brownings had been authorized by the City Plan Commission during a hearing late last month.

The residence is to be converted for use as a physician's office.

## SIU Journalism Head Pens Book On Formosa

Dr. Howard R. Long, chairman of Southern Illinois University's department of journalism, has written a book dealing with living condition in Formosa.

The book, scheduled to be released Feb. 9, is given in pictorial form and is titled "The People of Mushan: Life in a Taiwanese Village."

Dr. Long recently returned from the far east island after serving a year as visiting professor at the National Chengchi University in Taipei.

His work there was described by Dr. Milton J. T. Shieh, dean of the university, as a mission of understanding.

about this question:
"The only auto accidents I have had were on icy streets and roads, where it's hard to keep a car under control. With damage suits running so high, I'd feel better with $25,000 auto insurance instead of $10,000. Does this added protection cost only about $6 per year?"

# City To Ask State To Study Nameoki-St. Clair Traffic

A study of traffic congestion at the Nameoki road and St. Clair avenue intersection by the state highway department is being requested by Granite City council members, who also are calling for a local study of the Edgewood avenue and Johnson road intersection to avoid accidents.

Pointing to the congestion at Nameoki road and St. Clair avenue, Aldermnan Casmer Skubish said the bottleneck has resulted in a number of traffic accidents as well as tieups during the morning and evening hours. "For safety's sake, the state highway department should make an analysis of the situation and conduct a traffic count," he said.

Alderman Samuel Whitmer, chairman of the Street and Alley committee, said the state already had been contacted about the intersection and was "unable to do anything."

**Lights Pose Problem**

He explained the signal lights a short distance away at Nameoki road and Madison avenue are traffic actuated and could not be synchonized with other lights unless completely revamped. "The state is interested in moving traffic only along Nameoki road — a state highway," he added.

Alderwoman Mrs. Gabrielle Belinec commented that motorists making left turns off Nameoki road onto St. Clair or Iowa street were responsible for some of the congestion and that should interest the state.

The city engineer, the committee and superintendent of streets are to study the Edgewood-Johnson road intersection.

**"Dangerous" Intersection**

Alderman Frank Vesci pointed to the danger of the Johnson road curve with the Edgewood avenue. "Someone is going to get killed there. The stop signs are not the solution to the problem."

Vesci suggested the city might study the possibility of working with the state to extend Johnson road to the east. "If property could be obtained," he added, "the road could be extended east to State Route 111 and provide another outlet from the city."

Under the present arrangement at the intersection, he continued, traffic going east on Johnson road and north on Edgewood avenue is required to stop, while southbound traffic on Johnson road has the right-of-way. "The placement of the stop sign on Johnson road is too far back from the curve and creates a hazard."

## Newly-Appointed Pastor Assumes Duties Here

Rev. Gus Falter Jr., recently-appointed pastor of the Pontoon Baptist Chapel, Pontoon road and Breckenridge lane, has assumed his duties here and has moved into the parsonage at 3724 Ruth drive.

The pastor and his wife, Laura Lee, have three children, Becky, seven, Glen, four, and Greg, two and one-half years old.

Rev. Falter attended Southwest Baptist College in Bolivar, Mo., and Southern Baptist Theological Seminary in Louisville, Ky. He formerly was pastor of Calvary Baptist Church in Pittsfield, Ill.

The Pontoon Baptist Chapel is a mission of Third Baptist Church.

## Christian Scientists To Start New TV Series

An entirely new series of filmed programs "How Christian Science Heals," will start Sunday, Jan. 8, over St. Louis television channel 4, according to an announcement by Charles Meyer of First Church of Christ, Scientist.

These program are unusual because actors are not employed. Instead, laymen tell their experiences in their own words, Meyer explained.

Sunday's program will be on "Some Young People's Thoughts on Religion." Harvey W. Wood of Chicago will be the moderator on the program in which four young people, two from high school and two from college, will explain the practical meaning religion has for them.

The Jan. 15 program will be on "Redemption Through Understanding God." Later programs will be "The Bible Promises Made Practical;" "A Search for God and the Answer," and other topics.

## Train Blocks Crossing

Granite City police were sent to the 25th street railroad crossing about 8:20 p. m. on a report that a train was blocking the street. The officers reported the train had been stalled about 25 minutes but moved on after they arrived.
